On July 5, 2022, FFWPU Heavenly Central America members launched the 40-day Special Preparation Period for the Success of the Seonghwa Festival, Marking the 10th Anniversary of True Father's Holy Ascension through the online dawn worship.

It has already been ten years since True Father's Holy Ascension. On July 3, the 40-day Special Preparation Period for the 10th Anniversary of True Father's Holy Ascension was launched in the Busan region in Korea with the determination to achieve the victory of Vision 2027. It was held as a worldwide launching ceremony through a bi-directional internet broadcast with more than 300 leaders worldwide. Due to the time difference, we have this ceremony a day later in Heavenly Central America.

Until his last moment, True Father fought for the liberation of Heavenly Parent, restoration of humanity, and establishment of a peaceful world by praying, "May the homeland dawn! We pray with a life-or-death resolution and determination to move ahead without interruption."

The Beomnaegol Church in Busan, the first Unification Church, was just a two-squared-size church made of mud. When he built the Beomnaegol mud house, True Father did not use tools such as a shovel or hoe but only his hands. It was because Korea was at war, and the early Unification Church was very poor. The mud house collapsed two times while building, and on the third trial, it was finally completed.

This mud house was where True Father wrote the Original Divine Principle on May 10, 1951. The Original Divine Principle was the first text of the Divine Principle before the publication of the Exposition of the Divine Principle we know today. On May 10, 1952, True Father completed the Original Divine Principle. It took only several months for more than 12 people to be evangelized, and the teachings of the Divine Principle became a flame that spread across the land of Korea. Today, the

teachings of Heavenly Parent have spread to more than 190 nations worldwide.

True Parents' sweat and tears are bearing fruits. Several years have passed since True Mother told the blessed families to achieve God's Will through spirit and truth by claiming back our pioneer spirit of the early day church.

As we mark the 10th Anniversary of True Father's Holy Ascension, True Mother, determined to fulfill True Father's Will, has carried out God's providence with a desperate heart of having to find a needle in a vast desert amid a sandstorm. We must offer our endless heart of gratitude and consolation to our True Mother for achieving victory through the 7-year Cosmic Canaan Course. She was lonely and in pain yet, knowing she was the only one who could do it, she strove.

True Mother emphasizes that we must realize a Heavenly Unified World through a Heavenly Unified Korea.

This is her message to establish a Heavenly Unified Korea through the reunification of North and South Korea by attending Heavenly Parent while True Parents are still on earth. Internally, she wants all blessed families to become children of Hyojeong (filial piety) who will establish a heavenly tradition by becoming Cheonbo families through their mission of the heavenly tribal messiah. Moreover, she named the Peace Road connecting South and North Korea, starting from Busan Geoje Island, passing through the Cheonwon Complex, and connecting directly to the DMZ, the "Heavenly Peace Highway."

In the era of the settlement of Cheon Il Guk, blessed families must become Heavenly Parent's true children who can lead a life of eternal Kingdom of God on earth and in heaven. Furthermore, it is blessed families' inevitable course and responsibility to become Cheonbo families, the perfected citizens of Cheon Il Guk.

True Parents have walked the path of true love to liberate God, save humankind, and establish Cheon Il Guk. Since we are the Temple of God where the Spirit of God lives (1 Cor 3:16), our family should be a substantialized heaven where God dwells. Our neighbors and society are a community that God should operate; we must become qualified Cheonbo families by becoming individuals and establishing a family, neighbors, and society that attends Heavenly Parent.

I believe all blessed families hope to take part in the Cheon Bo Entry Blessing by being registered in the Cheon Bo Won as heavenly tribal messiahs. This goal, however, cannot be achieved on its own. We can become successful Cheon Bo families through our mission as heavenly tribal messiahs only when we resolve with True Parents' hearts to save humanity through true love.

The teachings of the Divine Principle started in Beomnaegol and are spreading worldwide; our mission is to teach the Divine Principle and inform every citizen of the Heavenly Continent of Central America and the Caribbean about our True Parents.

Through this 40-day Special Preparation Period, we must all move with sincere devotion by inheriting True Parents' heart of true love, longing to save humanity, and the pioneer spirit of the early-day church. I hope you will become victorious blessed families who will fulfill your mission of the heavenly tribal messiah and Cheon Bo families by becoming completely united with True Mother.
