

Precious Heavenly Parent, Victorious True Parents of Heaven, Earth and Humankind

I sincerely thank you for giving us the special grace to attend this special prayer service at the Cheonshimwon Holy Ground at the Camberg Training Center in Germany today, representing of all humankind and blessed families around the world. We are praying to to achieve the victorious entrance into the Cheon Il Sanctum in Cheonwon Palace on May 5, 2025, and for the victory of National Restoration – the establishment of Cheon Il Guk in a heavenly unified Korea – for which True Parents have so longed.

Dear Heavenly Parent

The invisible Heavenly Parent, incarnated in the True Parents who appear as the visible Heavenly Parent, will enter the Cheonil Sanctum, the governing offices of Cheon Il Guk, and govern the world on earth for eternity. True Parents' wish to successfully hold the ceremony to enter the palace in 2025 will be fulfilled in the presence of leaders from Korea, Japan and the United States and the rest of the world.

The Cheon Il Sanctum is the central point of the cosmos where True Parents in unity with Heavenly Parent after 6,000 years of human history, are working with the royal authority of Heaven. True Mother's will must be fulfilled. Mother is devoted to seeing the day of the Cheon Il Sanctum entrance ceremony in Cheonwon Gung, which is the center of all fields such as religion, politics, economics, academic, media, the arts and education—and from which Heavenly Parent will directly govern the earthly world.

Heavenly Parent! Adam and Eve, the ancestors of humankind, should have become perfected entities, received the Holy Marriage Blessing and fulfilled the ideal of True Parents. But due to the Fall, they could not inherit true love, true life, and true lineage. All expectations and hopes of Heavenly Parent were thus lost. Heavenly Parent's ideal of creation, which dreamed of the loving unity of God and humankind, was not realized. Due to Adam and Eve's self-centered thoughts, words, and actions, they left the universe in indelible pain—which even the Heavenly Parent could not erase.

Dear Heavenly Parent -

With an unchanging heart of only absolute faith, absolute love, and absolute obedience, God endured 4,000 years of harsh suffering and, 2000 years ago, sent His only begotten Son, Jesus, to this earth. However, because of ignorance, the people of the fallen world drove Jesus, the only begotten Son, who came to fulfill the ideal of True Parents, to the cross. Yet Heavenly Parent shed blood, sweat, and tears for a further 2,000 years to save humankind from darkness, and finally sent the Lord of the Second Advent and the Only

Begotten Daughter to this earth. We sincerely and earnestly thank You, our Heavenly Parent, for Your hard work, sacrifice, and love.

Heavenly Parent. I offer deep thanks to True Parents who triumphantly walked an indescribably lonely and arduous course of blood, sweat and tears solely for the liberation of Heavenly Parent and the salvation of humankind. True Parents pioneered a path that no one else in the world had traveled, overcame all kinds of hardships, and achieved the perfection of the ideal of True Parents. And through the cosmic victory of the ultimate unity of True Parents' oneness in heart, oneness in mindset, oneness in concept and harmony, they finally opened a New Heaven and New Earth, and Cheon Il Guk—unprecedented in human history. And since the opening of Cheon Il Guk, I would like to express my sincere gratitude to True Mother, the only begotten Daughter, who has accomplished great achievements by restoring seven nations and seven religious orders over the past 11 years.

True Father in Heaven, I miss you so much! True Father, I love you with all my heart. True Father, you poured out 100 percent of the energy of your holy body like a roaring active volcano and became a beacon of hope for humankind, truly shining, and passionately and proudly living your entire life solely for the fulfillment of Heavenly Parent's will. True Father's holy image is always alive among us. We will not forget the legacy of the Word that True Father left for me. We will be the ones who fulfill the Word without fail.

Dear Heavenly Parent

We will surely fulfill the will and wishes of True Father, who in oneness with True Mother, the only begotten daughter, will be a true victor.

The True Parents of Heaven, Earth and Humankind, who are the substantial embodiment of the Heavenly Parent, also embody the sovereignty of Cheon Il Guk. The blessed families of heaven and earth become its citizens, and the consecrated HJ Cheonwon Heavenly Garden centered on the Cheon Jeong Gung, Cheon Won Gung, and the Cheon Il Sanctum becomes its national territory and with the status of the kingdom of God. Now that we are living in the era of amazing miracles of new creation, which has been substantially and officially launched, which is expanding into a heavenly unified Korea and a heavenly unified world, Heavenly Parent, please let us, as the proud children of the True Parents of Heaven, Earth and Humankind, become Cheon Il Guk's meritorious subjects, loyal patriots, saints, and filial sons forever.

For the past 11 years following True Father's Seonghwa, True Mother encouraged progress without interruption, and showed a great vision and hope to the Unificationist

community, the leaders of nations, and 2nd and 3rd generation youth around the world. We offer thanks to True Mother for her sacrifice and effort for the firm establishment of Cheon Il Guk, a heavenly unified Korea and the heavenly unified world.

In keeping with True Father's will, True Mother, the Mother of the Universe, the Mother of Unification, and the Queen of Peace, arranged many internal and external matters related to unification, offered sincere and desperate devotion at every moment, and, with determination, firmly established Cheon Il Guk in substance and is working toward a heavenly unified Korea. I give sincere thanks to True Mother, the only begotten daughter of all humankind, who accomplished the amazing and great achievement of dedicating seven religious orders in seven countries while initiating a revolution in the culture of filial piety and heart.

All of us blessed families will never forget Mother's directive that, with no shame in front of Heaven, we put down everything and start anew, and will become more and more renewed each moment. With absolute faith, absolute love, and absolute obedience, we will stand in the ranks of the loyal and filial people, single-minded and indomitable until the last moment of our lives.

Heavenly Parent of love, in Heaven's eyes, we are so lacking and unqualified, but through the blessing of the True Parents of Heaven, Earth and Humankind, we have inherited the true lineage. Since you chose us to save the 8 billion people of the world, we will seek out righteous people prepared by Heaven and proudly testify to True Parents.

In this way, we will educate the righteous people prepared by Heaven, preaching the Word and testifying so that they can become the public workers of Cheon Il Guk who achieve rapid church growth and national restoration. We will invest our utmost to achieve the victory of the mission of heavenly tribal messiahs witnessing to 43 families thus gaining victory as Cheonbo families.

Following the will of True Mother, who has pushed us along and reminded us of our future path and responsibilities, we will attend her with joy and live a life of filial piety and loyalty through absolute faith, absolute love, and absolute obedience.

Dear Heavenly Parent, True Parents of Heaven, Earth and Humankind,

We will raise the level of sincere devotion (jeongseong) through daily prayer vigil at Cheon shim won. Since our Heavenly Parent is with us and the absolute good spirits of the good spirit realm are working with us, from now on we will grow our church through

the Spirit, the Truth, and True Love. We will do our best every day to enable the spirit selves of all members of the Family Federation grow, mature, and resurrect, so that all Family Federation Church members from around the world are filled with the joy and happiness of living in the presence of Heavenly Parent and True Parents.

All blessed families around the world share sorrow and pain, deeply realize, Heavenly Parent, Your heart, circumstances, and bitter pain. They will comfort You, Heavenly Parent, and build happy families and a healthy church. And we will become a Family Federation of home churches under Heavenly Parent's Holy Community that is loved and respected by the nations and their people.

We will become the embodiments of True Parents' three major scriptures, become the embodiment of heart, and become Heavenly Parent's beloved children who achieve the three great blessings and the four great realms of heart. We will become sons and daughters of Heavenly Parent who can boldly and confidently testify to True Parents in front of the world. And we will make sure that the good tradition established by True Parents shines through to the ensuing generations.

We will become bright and proud children of True Parents who practice true love in resemblance of our Heavenly Parent and achieve Cheon Il Guk as individuals, families and tribes, and a heavenly unified Korea, a heavenly unified world, and Cheon Il Guk. Through our absolute faith, absolute love, and absolute obedience, You, Heavenly Parent, and True Parents, will be with us.

Heavenly Parent, I earnestly pray for Japan, the country of Mother, at this time. Please let Japanese Prime Minister Kishida and other members of the Liberal Democratic Party take the lead in preventing the dissolution of the Japan Family Federation for World Peace and Unification. Please raise them up as the righteous of this age so that Prime Minister Kishida does not become an unfilial child who goes against the will of True Parents. No matter what happens, the Japan Family Federation for World Peace and Unification, which won the victory with Mother's three years of sincere devotion, will never be revoked or dissolved. So I sincerely pray that Heavenly Parent and True Father in heaven will work and hold on to Prime Minister Kishida's heart, and make Japanese Prime Minister Kishida into a righteous person and public servant of Cheon Il Guk who protects the Family Federation in Japan.

Heavenly Parent, I earnestly pray that Japanese government ministers, politicians, and opinion leaders from all walks of life will not commit the foolishness of taking the lead in disbanding the Family Federation out of fear of the media opposing the Unification

Church. Rather, please make all leaders and people in Japan realize that the No. 1 contributor to preventing Japan from becoming communist is the Japan Family Federation and True Parents, who are the founders of Victory over Communism. (I earnestly hope and desire that Former US Secretary of State Mike Pompeo, who will visit Japan in July and will meet with Japanese Prime Minister Kishida with a letter from US House and that Speaker Kevin McCarthy, and former House Speaker Newt Gingrich, Kevin McCarthy's mentor, as True Mother's special envoys, will fulfill their mission. Let them become righteous people and meritorious subjects of Cheon Il Guk who prevent the dissolution of the Family Federation in Japan and protect our religious identity.)

Heavenly Parent, Cheon Il Guk leaders in Heavenly Japan and all blessed families are making a new start for change and reform, confidently breaking through all persecution and opposition as proud children of the True Parents of Heaven, Earth and Humankind, despite national persecution and criticism. In this new era, the Japanese church leaders and all family members must unite so that Japan's future leaders and 2nd generation young people can assuredly overcome Satan's tests and challenges, and use the crisis as an opportunity to bring victory. For this, please watch over them with Your eyes that burn with love. We earnestly hope and desire to send Japanese youth missionaries to 197 countries around the world through vitalization and education of the 2nd generation young people, the future leaders of Japan. And we earnestly hope and desire that all members of Japan succeed in 10-fold witnessing efforts so that the foundation to save the nation can be achieved as soon as possible. I earnestly pray that if all Japanese members overcome national persecution, endure any opposition and persecution, and advance with absolute faith, Heavenly Parent's wonderful blessing will surely come, and Japan will become a Shining Japan, become a victorious mother country, a heavenly Japan.

Dear Heavenly Parent, we earnestly pray. May the three righteous people Mother found, former UN Secretary-General Ban Ki-moon, Senegalese President Macky Sall, Cambodian Prime Minister Hun Sen, and religious leaders Sheik Mansour, Prophet Radebe and Archbishop Ndanga fulfill their mission and responsibilities from heaven.

From now on, we will not hesitate to seek out, meet, and testify to the righteous people of this era, prepared by Heaven, by mobilizing all the absolute good spirits of the heavenly good spirit realm for the settlement and victory of one world, Cheon Il Guk, a heavenly unified Korea, and a heavenly unified world under Heavenly Parent. Heavenly Parent, True Father in heaven, please work.

In addition, President Biden of the United States, former president Trump, Japanese Prime Minister Kishida, President Yoon Seok-Yeol of Korea, and heads of European countries and righteous people from all walks of life have actively cooperated with the providence of a heavenly unified world and heavenly unified Korea and received blessings from Heavenly Parent. We earnestly hope and desire that they will receive blessings under the grace of True Mother, the only begotten daughter sent by our Heavenly Parent, and that they too will be able to participate in the completion of the heavenly providence of a heavenly unified Korea.

In addition, all continents of Africa, Asia, Central and South America, Oceania, and Eurasia in the providential era of the new Pacific Rim civilization will unite with Korea, Japan, and the United States to liberate North Korea in the presence of True Parents.

Dear Heavenly Parent, True Parents of Heaven, Earth and Humankind,

I pray earnestly for the participating families. True Mother's hope on earth is that her grandchildren Shin-chul and Shin-heung gun, the 3rd generation of the True Family, will stand tall as leaders of Cheon Il Guk. I earnestly hope and desire that Shinheung-nim, create a model life and become a model leader of the True Family in Cheon Il Guk, fulfilling the responsibilities he has been called to in front of Heaven and the world through absolute faith, absolute love, absolute obedience, and Hyojeong—even in any difficult situation. We will also do our best to become a protective fence for Shinheung-nim. We earnestly pray that You will always protect him by mobilizing all the good spiritual forces.

Heavenly Parent, I pray that by an amazing miraculous work, the True Children who have gone far away from their Mother's will realize their mistakes, resolve them, and return to True Mother's bosom. May the members of the Kwak group and Sanctuary Church end their schismatic actions and return to True Mother's forgiveness, so that an amazing occasion of tears and emotion in True Mother's arms can take place. I earnestly pray that Heaven will work so that the day will come when the brothers and sisters who have been involved in these sectarian activities can also come to the embrace of True Mother's love.

Precious Heavenly Parent, the victorious True Parents of Heaven, Earth and Humankind, we attend Heavenly Parent's only begotten Daughter, True Mother, on earth, with absolute filial piety. We will create a unified community of filial piety and heart without jealousy, hate, hatred, arrogance, arrogance, selfishness, greed, or lust for honor. We will do everything to overcome and drive out the power of darkness and the power of

death, and we will surely overcome any temptations, attacks, and challenges of Satan. We will definitely put an end to division and conflict in the Unification Church, and create a Family Federation community where all blessed families heal each other's wounds, sympathize with each other's pain, comfort each other, communicate, praise and encourage each other, and help and cooperate with each other.

As brothers and sisters in unity, harmony, and sharing in the spirit of Hyojeong, we will foster a cultural revolution that achieves the Cheon Il Guk of freedom, peace, unification, and happiness in a new era that has realized the lost dream of the Garden of Eden.

Cheon Il Guk, a world where two people become one, a world of interdependence, mutual prosperity and universal values, a world free from barriers and conflicts, transcending religion, nation, race, and culture; Cheon Il Guk, the ideal world of freedom that Heavenly Parent has truly longed for and desired, will be realized without fail during Mother's lifetime.

As the people of Cheon Il Guk who inherited the lineage of the True Parents of Heaven, Earth and Humankind, we resolve to attend the Heavenly Parent and True Parents as the substantial embodiment at Cheonwon Gung and realize the true settlement of Cheon Il Guk in the age of peace and prosperity, living together for eternity.

Most noble and precious Heavenly Parent,

Now we are having a fresh start as completely new selves centered around God's only begotten daughter, the True Mother. I ask you to cleanse us of all our unfilial pasts and for all the blessed families of Europe and the Middle East to fulfill completely Hyojin nim and Heungjin nim's filial duties to True Mother.

Please allow us to inherit the triumphant realm of our True Mother, the absolute holy mother and substantial Holy Spirit, who is seeking to accomplish everything that True Father was not able to accomplish during his lifetime. As a result, we will live lives of complete alignment casting no shadows, and victoriously complete our heavenly tribal messiahship and Cheonbo missions, and we will finally accomplish your long-cherished dream of national restoration by achieving a heavenly unified Korea by the year 2025. In this time, we resolve to become such devoted, loyal and cheonbo families that are able to accomplish all of these goals.

I report all this in my name Song Yong-cheon, a blessed central family.

Aju.
