The Cheon Il Guk Leaders' General Assembly for the year 2024 convened at the Primary Temple of the HJ Heaven and Earth CheonBo Training Center

This significant event was presided over by the revered True Mother. In a manner reminiscent of the True Parents' birthday celebration, Song Yong-cheon, President of FFWPU-International, adeptly took on the role of master of ceremonies for the morning's proceedings, which were exclusively attended and led by True Mother herself.

Highlights from the True Mother's Address

As we approach the monumental occasion of entering the Cheon Won Gung Cheon Il Sanctum, a year of preparation lies ahead. This period is pivotal for the day when the Heavenly Parent will reside on Earth, thanks to the endeavors of the True Parents. After 6,000 years marked by humanity's estrangement from God, it is incumbent upon you, leaders from across the globe, to meticulously prepare for this historic moment. This will ensure that the Heavenly Parent and the True Parents can acknowledge your efforts with heartfelt gratitude.

The divine aspiration has always been to have the True Parents on Earth, allowing God to express His love for His children through them. Hence, the figure you should hold in highest esteem is none other than the first advent of the Only Begotten Daughter, the Mother of Peace, the Mother of the Universe. It is my earnest hope that as leaders, you will exert every possible effort and dedication to propagate this profound truth globally. Your endeavors will hasten the day when all can personally experience, resonate with, and embrace this truth. I pray fervently that each of you, as leaders and families, will vigorously pursue the restoration of our nation, the unification of a heavenly Korea, the unification of a heavenly world, and, unequivocally, the revival of Christianity.

Invocation and Commitment

During the assembly, Dr. Song Gwang-seok, President of FFWPU-Korea, consistently invoked the divine presence, seeking guidance to adhere to the True Mother's directive of restoring Christianity. This is a crucial step in heralding the era of providence fulfillment. As we step into 2024, the Year of the Blue Dragon, the Cheon Il Guk leaders, in reverence to the True Mother, the Only Begotten Daughter, and the embodiment of the Holy Spirit, are charged with the mission to internalize and honor the spiritual stature and significance of the True Mother. This recognition, a first in 6,000 years, is essential for our collective victory and commitment to the forthcoming entry into the Cheon Won Gung Cheon Il Sanctum.

Expressions of Honor and Gratitude

In a gesture of honor and profound gratitude, Ricardo de Sena and Simao Feraboli, Presidents of UPF Central America, presented the True Mother with floral bouquets, symbolizing the collective appreciation of the community.

This was followed by the presentation of the Resolution Letter to the Mother by the presidents of the global mission regions. They expressed their unwavering determination to triumph in the palace entry ceremony, marking the 13th year of Cheon Il Guk.

Solidarity and Dedication

The leaders gathered at the inaugural session of the Cheon Il Guk Leaders' General Assembly voiced their deep gratitude and pledged their steadfast commitment to the True Parents. This was demonstrated in the three Eog Mansei, led by regional president Demian Dunkley, signifying a unified resolve and dedication towards the noble goals set forth by the assembly.
