True Mother's Recent Activities and Special Invitation

Ki Hoon Kim and Michael Balcomb

October 10, 2014

Following is an important announcement from Dr. Ki Hoon Kim and Dr. Michael Balcomb regarding a special invitation from True Mother. Dr. Kim shared further details in his message to leaders in New York on Wednesday, October 8. A video and transcript of his message can be viewed at [Dr. Kim's Message -- Wednesday, October 8](http://familyfed.org/dr-ki-hoon-kim-addresses-leaders-at-the-monthly-leaders-meeting/) familyfed.org/dr-ki-hoon-kim-addresses-leaders-at-the-monthly-leaders-meeting/

Dear Brothers and Sisters,

Greetings upon our return from attending the 55th Anniversary of the Founding of the Unification Church in Japan.

An important program just announced by True Mother is a special "Tribal Messiahship" Rally and Sunday Service to be held in two weeks on Sunday, October 26th at the World Peace Center in Chung Pyung, Korea. Attendance of 20,000 participants is expected from Japan and Korea.

True Mother would like to hear the testimony of our brothers and sisters who have completed the goal of New Tribal Messiahship, defined by having blessed a total of 430 couples – not necessarily from the same single family or tribe. The blessing is on a substantial level rather than the symbolic candy/juice blessings which most members gave to 430 couples back in the late 1990's. Those who have completed the goal may have the opportunity to travel to Korea to participate in this historic event.

There are a number of nations – such as Korea, Thailand, Philippines and Japan – where one or more of our families have indeed fulfilled this goal. We would like to know if there are any such families in America who have reached the goal of 430. If not, what about those who have reached 120, or even 40 couples?

Please contact me (Dr. Balcomb) right away at president@unification.org with your response to this invitation for yourself or your family, or whether you know of other candidate families.

Thank you and God Bless you,

Dr. Ki Hoon Kim
Continental Director

Dr. Michael Balcomb
President
