

## Remembering Nancy Reagan

Ki Hoon Kim and Michael Balcomb  
March 11, 2016

*Nancy Reagan ascended to the spirit world on March 6, 2016*

Today, a grateful nation lays to rest a great patriot. Without Nancy Reagan's continuous love and support, and care in times of crisis, Ronald Reagan could surely never have become the great President we remember and honor.

For eight years the Reagans courageously steered our nation out of the Cold War era, and when they left the White House we were a stronger, better nation.

Within minutes of learning of Nancy Reagan's passing, Dr. Hak Ja Han Moon, co-founder of the Family Federation for World Peace and Unification (Unification Church of America) with her late husband, the Rev. Sun Myung Moon, called us to offer her personal condolences to the Reagan family and to assure them they were very much in her prayers.

Having experienced the evils of communism directly in Korea, the co-founders deeply appreciated President Reagan and his wife Nancy's steadfast stand against the Soviet empire and communism throughout the world. This strong stand in leading America led to the collapse of the Soviet Union. Their leadership in America significantly strengthened America's commitment to faith, family and freedom globally.

Life on this earth is indeed just a brief moment in eternity. Today Nancy and Ronald are united once again, and we pray the blessings and mercy of God, our Heavenly Parent, will be upon them.

God bless Nancy and Ronald Reagan, and may God bless America!
