

## Youth and Young Adult Gathering with True Parents at East Garden

Michael Balcomb  
November 9, 2016

True Mother is coming to America at the end of this month for the International Leadership Conference in Washington, D.C. She will also be coming to East Garden in New York, and what better chance for our Unificationist youth and young adults to spend time and meet with True Parents directly?

As it will become less and less likely as time goes on to see and interact with True Mother here in America, this is a special chance for youth to connect with True Parents and inherit their foundation, a foundation which ultimately falls into the hands of our youth to carry forward.

Register today for this special youth gathering with True Parents, Sunday, December 4 at East Garden. Youth and young adults ages 13-40 will have the chance to meet with True Mother, followed by an age-based break-out discussion.
