We Need YOU to Help Fill Madison Square Garden When True Mother Speaks!

Michael Balcomb
June 27, 2017

Across the nation, thousands will be making their way to Madison Square Garden on July 15 to hear True Mother speak at the national *Peace Starts With Me* event. True Mother is coming to share with America not only about our need for peace, but how it takes each one of us working in unity.

Right now, we need to work in unity to fill the Garden with our friends, family, and anyone who's ready to hear True Mother's message and run with it! We need you to invite EVERYONE to Peace Starts With Me!

We've compiled the following information and resources to help make sharing this event easy:

DOWNLOAD INVITATIONAL MATERIALS

The first thing you can do is go to our resources page and download graphics for flyers, postcards, and more. Print them out at your local or online printer (a great one is www,nextdayflyers,com/), and then distribute them in person or hang them up around your neighborhood or city.

SHARE ON SOCIAL MEDIA

Are you following us on Facebook and Instagram? We've got a lot of new information and exciting announcements coming out regularly. You can share our posts right from your personal social media platforms, using hashtags #PeaceStartsWithMe and #MSGJuly15. You can also email the promo video (vimeo,com/222902041) to your friends right now!

SHARE YOUR STORY

Sometimes it takes an inspiring story from someone else to help you figure out how you can share the news in your own day-to-day life. Read FamilyFed,org weekly; we've got plenty of testimonies on how others have shared the Blessing as an offering to True Parents, reflected on how they met True Parents years ago, organized gatherings across the country, handed out flyers, and more! If you've got a story to share, send it in at familyfed.org/share-a-story!

We're looking forward to a packed stadium on July 15, ready to welcome True Mother back to America. Thank you for your support in making this even a success!
