On July 16, following the July 15 interfaith [Peace Starts With Me](#) celebration at Madison Square Garden, leaders and 600 youth and young adults celebrated the successful event with True Mother at East Garden.

True Mother gave an intimate talk outside East Garden on this sunny summer morning, with the participants of the Hyojeong Youth workshop circled around her. Afterward, the youth performed the dance to Mujogeon (Unconditional) that they had performed at the Garden one day prior.

After a warm farewell to True Mother from all the youth, they enjoyed a lunch which True Mother so generously provided. The celebration then moved to the nearby Belvedere, where a Sunday Service was held for the remainder of the morning.

Stay tuned for more about the Hyojeong Youth workshop, coming soon at familyfed.org!
