FALL WORKSHOP

online program for Sunday school teachers & those responsible for 2 gen

Dear friends & colleagues!

We invite you to the traditional **Fall Workshop for Sunday school teachers and those responsible for the 2nd generation!**

The WS will be held online this time and we expect to reach even wider audience.

There will be leaders' and invited guests messages so we could relate to the current God's providence, reset in our mission and how to be happy in it. Exercises and trainings will also help us in a personal grow.

The WS will raise an important aspect for the 2 gen education. We will also pay much attention to age characteristics and pure love education.

And of course, there will be time for communication with each other, when you can get to know each other better, share your victories, as well as difficulties and worries.

OVERVIEW:

- Messages from leaders and invited guests
- Each age features
- Pure love education
- Exercises and trainings
- Cheering up & communication time

The WS program is designed for **2 days***

- Oct 24, 13:00 to 16:00
- Oct 25, 13:00 to 14:30 + a special meeting with those responsible for the 2 gen in cities and countries.

*If Moscow time!
