"I am grateful we could offer our Training Center at first time as a place for CheonBo activity. I did all my ancestors' liberation and blessing, so I wanted to offer myself to be a representative for others and liberate resentful spirits from me. My attitude was to be their friend and if we are somehow together, let's cooperate and help each other. **During the Chanyang session I realized, God forgives everyone and True Parents as God's embodiment want to forgive every single person and those spirits are more than our friends, they are our brothers and sisters and through this environment and nice event they can feel it. So I prayed for that and through my tears I think they felt it.**

It was interesting, that when I looked at the picture (Cheongpyeong with angels, Heaven in Heaven) during the first session my eyesight went through from top to bottom and realized in each detail what it means what and how it connects to the event in process.

Before praying in front of Hyo Ji Nim's picture I had heavy feelings. Now it is the first time I felt he invites us for a tea, and enjoy the time together with his wife and us (me and my husband) in a beautiful landscape. I was so happy."

”Dear Heavenly Parent and True Parents, dear True Mother, I liberated ancestors from 1 - 430 generations. Thank you for allowing us to prepare and to participate in this CheonBo event. I am very grateful for Your leading and guidance. Thank You to understand more Your Motherly heart - God's Motherly Heart. I was afraid of You because I felt Your severity. Then when You looked into my body I saw that You are watching at me as a little child, adult in a mother's womb. Then You started to smile in wonderment and started to fondle the womb and the fetus. You were healing and laughing, you were kind and sweet. I have catholic background. I always felt there are more, then just to crucify "Jesus' body". Now there are more. Here is God's Only Begotten Daughter. The marriage of the Lamb. The marriage Blessing, the Engraftment. My ancestors were crying. I am very grateful for Korea. God can live with us in our blessed families. I am still learning. With a grateful heart.”

“For me it was the first time attending this way the CheonBo Event and I felt good and comfortable. During the liberation ceremony I felt a bit worry because I had one Collateral spirit to liberate, but when the session finished during the prayer, I felt that he was so happy and he wanted so much to feel free. **The Blessing ceremony was even more special for me because I had my ancestors there and I felt that they were so happy and they were dancing because of happiness and I felt really happy too. Sometimes I was feeling emotional and touched because they were waiting this moment for long time.** Also something more touched me, looks like my ancestors and my spouse ancestors were connecting and collaborating together, I felt so happy on that. And I felt so grateful to True Parents for this amazing chance that they give to us to clean our blood lineage.”

7. d TESTIMONIES

Klimesné Bakonyi Zsuzsanna, 50, Female, Budapest event

“This was such a beautiful event! The main program did not even start but whenever I closed my eyes to pray or meditate tears started to flow from my eyes. I could only say „Thank you, I am so grateful!” **What moved my heart especially is that we could allow through our participation, that through us all those who couldn't be personally present, still could liberate and bless their ancestors. For me this grace is truly representing Heavenly Parent's and True Parents' heart. This is a wonderful possibility to „live for the sake of others”.** Thank you so much Heavenly Parent, True Parents and all the CheonBo staff in our EUME region.”

7. e TESTIMONIES

Simon András, 46, Male, Budapest event

“Thank you so much that I could participate in this event. Actually I’m not so spiritual person and I can’t share spiritual experiences. **I felt again that I’m at the safest place of the world. When we were connected to Cheon Shim Won Prayer Hall I felt uplifted, after finishing my prayer I opened my eyes and I saw heavenly light around me. In my daily life it’s so difficult to feel this kind of atmosphere. I’m so grateful, this event could help me and my family in this satanic wilderness.** Thank you Heavenly Parent and my beloved True Parents, and the CheonBo Branch members.”

7. f TESTIMONIES

Ekaterina Nikolaeva, 44, Female Saint-Petersburg event

”Dear Heavenly Parents!

We all like and want miracles in our life. But we often don't notice that a state of mind can also be a miracle there. I did not see or hear the spirit world, but God spoke to me through my inner voice. During the video about True Parents and Cheonbo providence, **True Father personally looked at me and into my heart, I heard his voice: I love you Katya. It touched me to tears, then True Mother appeared on the screen and I saw at that moment that she was very similar to my mother (before such a resemblance I never felt). And now my heart reached out to my mother as a loved one. For me it was a miracle.** The second small miracle was a feeling of inner cleansing relief and even delight during the ancestors Blessing ceremony. It seems I caught their wave of emotions of gratitude and joy with tears in my eyes. Thank you for living in such a unique golden time!”

Thank you True Parents!
