

UPF Europe and Middle East: Peace Project Preparation - Volunteers Needed

Michael Balcomb
July 7, 2021

UPF Middle East is looking for two volunteers to carry out logistics tasks which will pave the way for a project in late August. Building on 5 successful projects in San Marino, we want to bring Israeli and Palestinian children for a shared experience in the UAE.

One task involves calling organisations, negotiating prices and presenting options to the project coordinator; the other will be data management for the group of 25. Neither task involves travel to the region, but both will help us decide who can travel and when.

If you are interested, please apply by Thursday 15th July. Email David Fraser Harris at: syrdavid@yahoo.com
