

## FFWPU UK This Week In History: Hak Ja Han's Pilgrimage Tour Of North America

Michael Balcomb  
October 25, 2022

**This week, we look back on Dr. Hak Ja Han cross-country pilgrimage tour of North America where she retraced, in reverse, the footsteps of Rev. Sun Myung Moon, 34 years earlier.**

True Mother, Dr Hak Ja Han Moon arrived in Las Vegas on October 26th, 2012. The next day, the 20th anniversary event of Women's Federation for World Peace that had been planned before True Father's Seonghwa was held successfully under True Mother's guidance. Afterward, True Mother visited every corner of Lake Mead on True Father's boat. There, she captured True Father's spirit as Lake Mead had been the place that he had always gone and prayed to lead the Las Vegas providence.

Soon after, True Mother started a cross-country pilgrimage that was retracing, in reverse from west to east, the course she had taken with True Father 34 years earlier to bless America. That way, she symbolically completed the providence in the elder son nation. This pilgrimage, spiritually accompanied by True Father, took seven days from Las Vegas to New York and covered a total of 3,500 miles. It showed True Mother's strong will and determination to lead the tradition and the providence that True Father had left behind.

On November 3rd, 2012, True Mother completed her pilgrimage when she departed from Boston to New York, stopping by Bridgeport University. The next day, she spoke to 2,000 Unificationists at the Manhattan Center and emphasised that True Parents' tradition and the providence will never be stopped and that all Unificationists should fulfil their mission and responsibility as Tribal Messiahs. The next day, on November 6, True Mother visited various places in East Garden and recalled the times she spent together with True Father and their family.
