Gjergj Kastrioti commonly known as Skanderbeg

The photo was taken by Prs. Gi-seong Lee,
just before the departure of Rev. In Pyo Moon to Albania.

Gjergj Kastrioti commonly known as Skanderbeg

- **1405 – 1468 (aged 62)**
- Even though he was a trusted military leader of the Sultan,
- He left the Ottoman Empire
- And came to Albania to take back the lands inherited by his father to him,
- And went on to lead Albania to 25 years of war against the Ottomans.
- He fought 25 battles and lost only one.
- Died of old age and tuberculosis, not of battle.
- Albania was united and free under his rule.
- His revolt attracted a lot of attention from the Ottoman Empire, causing major losses,
- That ultimately delayed it to attack Vienna and Central Europe when it wasn't able to defend itself,
- Thus somehow protected European Christianity.

TESTIMONIES

Amadea Vasmatics, Female, 8, Tirana, Albania, 2022. 10. 29-30.

I felt so good, sometimes I felt sleepy as well. I really like to go at Peace Embassy as often as possible. Also, I really liked the lectures of Rev. Jack Corley and Prs. In Pyo Moon and my mom. (Her name is Manjola Vasmatics, National President of Albania). This is how I felt these days at Peace Embassy.

TESTIMONIES

Viktoria Rroshi, Female, 9, Tirana, Albania, 2022. 10. 29-30.

Today is the end of the HJ CheonBo Workshop. During these special days I was very enthusiastic and active. I felt very good, I felt special feelings, **I felt God's hand touching me and taking care of me at my head. It was an incredible feeling.**

TESTIMONIES

Kim Eunyoung, Female, UPA Missionary, Tirana, Albania, 2022. 10. 29-30.

I received a lot of grace and support through Chanyang Yeoksa session. I really appreciated that I could attend this event. **I felt hopeful when I saw children who were my age and younger than me. They were so pure and lovely.** I was impressed by the words of Branch President In-pyo Moon about Cheon-shim Won history and the words he gave us at the meeting. It was most important to offer our jeongsong condition through the Word, and I felt that it is so precious. I will have a conversation with Heavenly Parent by offering condition and prayer before, I act in the future. I could take the time to rethink what I had to have internally and externally to be a true leader. The most impressive thing was that we are all connected. **So I felt that I had to try to love each other. Even though it's difficult for me. From now on, I will take action to become a person full of love.** Chanyang, encouragement, and many others were new and everything was appreciated. Through the weekend event, I felt that Sin Albania was revived and full of grace. I want to put everything into Sin-Albania for the best time! I would like to thank all the public officials of the Cheonbo Training Center who have given us so much grace and works. Thank you so much for giving us God's love

In the following way I can describe this weekend. In the beginning I was sceptic if I should participate or not, but I was obligated to come. **I am grateful that I was obligated because otherwise I would lose this very meaningful experiences.** For me to come it was really a sacrifice to be honest but it was very worthy, it was a very amazing internal journey and very necessary. Every day I feel the strong effect that external world has in my heart and watching the society many times makes me loose the reason to live. I don't want to have same lifestyle. I don't want to lose myself investing in secular impure people. I know that it is a very big responsibility as a second-generation member to mobilize all people around us, and that is why I will use this experience of this workshop to guide outside people to our movement. I will try my best even though I don't know if I will achieve it. **Something I know for sure is that I don't want nothing from secular world which can distract me from God's way, and to try to keep this heart every minute. I am starting to understand more our Movement, True Parents and Heavenly Parent, and this is the most important things for my life. They show me the best way how to live a life with the highest standard.**

I'm grateful that I was so lucky to be in this CheonBo workshop. Firstly, I'm grateful that I had this opportunity to offer something small to Heavenly Parent and True Parents. **I reflected deeply on my life and the decisions I've taken this year.** And I've understood I haven't offered to Heavenly Parent and to True Parents as much as I should have to. **One of my goals for this workshop was to have experiences and to feel that Spirit World does exist, and my first step I took into the prayer room, I felt someone touched my shoulder. I got scared and I felt not to enter the prayer room, but then I took it as an answer what Heavenly Parent is giving to me for my prayer, and I should search more with a sincere heart and devotion.** Also, I felt deep gratitude towards Heavenly Parent and True Parents that he made it possible that 4 people out of 6 from my family could participate. And we all had beautiful experiences with Heavenly Parent and with True Parents. I'm very grateful for True Mother and I have understood the importance of Shin Albania. At the same time, I feel a lot of responsibility to work harder to make Shin Albania substantial. I'm very grateful to the staff from EUME CheonBo Branch for all the love that gave us, especially from Rev. Tibor (Krebsz). And very grateful for Heavenly Parent and True Parents. Thank you!

It has been a very amazing experience. I'm very grateful that I could be part of the workshop. **The most special and heartfelt moment of the workshop was for me is the Vigil Prayer at night. When it finished, I felt extremely released and very calm in my heart.** Thank you, Heavenly Parent and True Parents!

TESTIMONIES

Eunbi Lee, 23, Female, UPA Missionary, Tirana, Albania, 2022. 10. 29-30.

Thank you, True Parents. It was such an amazing CheonBo workshop. I never expected that I would participate Chanyang and CheonBo workshop in another country. It's the grace of True Parents. Actually, during this time, I focused more on Chanyang team more than other programs. So, honestly sometimes I couldn't concentrate on some program, whenever I was like that, my ancestors brought me back to my senses. **I felt someone touches me physically but no one is there. I felt someone pulling my clothes but no one is there. I realized I'm not alone here.** I am with my ancestors. But I'm very sorry to all ancestors and True Parents and Heavenly Parent.

After a long time without being in a workshop, it was very necessary for me to be part of a spiritual workshop. I feel profound gratitude to Heavenly Parent and also the brothers and sisters who did so much preparation. **I was praying from a long time to feel the heart of Heavenly Parent, to communicate with Him. The first session (ansu + lecture) made possible for my heart to open and to feel so much love from Heavenly Parent. It was a spiritual peace that I did not feel so long time. I felt like I was in my parents' lap, surrounded by love, security and Heavenly Parent's love. I felt God was happy, and so I was too. Thank you Heavenly Parent for all the grace and love. I feel and believe that everything is possible if we connect to Heavenly Parent's love and our original mind. We are very lucky to have True Mother on earth, and she is continuously opening new ways to inherit us limitless heavenly fortune and love. I love you True Mother and True Father! Thank you to Cheong Pyeong staff.**

Thank you True Parents!
