EMP Pre-Registration Questionnaire

Dear brothers and sisters,

We are very excited to announce that this spring, young members will again have the opportunity to join the **Hyo Jeong EUME Missionary Program (EMP)**!

[EMP Pre-Registration Questionnaire](#)

EMP is a 3-month program for young Unificationists (aged 18-35) to experience spiritual growth, develop their character, and become closer to our Heavenly Parent by connecting with God's parental heart through witnessing and taking care of others. Through studying and teaching the Divine Principle, EMP participants will learn to live the Divine Principle in their daily lives and

become supportive pillars for their communities.

Dates:

Kick-off and Divine Principle Workshop (Prague, Czech Rep.) → 17th – 26th February

Orientation and Service Course (Beirut, Lebanon) → 1st – 21st March

Witnessing Course (Beirut, Lebanon) → 22nd March – 30th April

Korean Pilgrimage (Korea) → 2nd – 12th May

Settlement Course (back at home) → 14th – 21st May

Why should you attend?

We find purpose when we go to places in need and serve people there. Spirit and Truth are key to developing our relationship with the living God, and a living relationship with our Heavenly Parent is the only reliable foundation for a meaningful and happy life. While shorter Workshops give us a taste of these, a longer mission experience allows us to tap more deeply into the Divine Principle and the spirit of Hyo Jeong (the filial heart that is the source of true confidence, creativity, and self-realisation). By serving others, studying and teaching the Divine Principle you will testify to and witness its life-transforming power. EMP will help you to find your calling in God's providence and become a supportive pillar for your community.

Locations

The programme will start in **Prague**, the location of the 7-Day Divine Principle WS. **Beirut**, the capital of Lebanon, is the main location for service and witnessing activities. It is life changing to go to places of profound needs and challenges, serving people there. Sarah Ahmed and George Pereira lead the local witnessing centre and will take care of you, the EMP participants. In **Korea** you will attend the opening of Cheon Won Gung, dive into the miraculous environment True Parents are creating on the ground and go on a pilgrimage to key places of True Parents' lives and the history of our movement. The final stage of the programme will take place in **your home**, where you'll reflect, transfer your experiences and plan your next move,

Fee

The program fee is € 2000. The Korean Pilgrimage will be partly supported financially by EUME HQ. As fundraising will not be part of the program this year, we encourage prospective participants to fundraise or work as internal and external preparation. We also invite families, communities, and nations to consider financially supporting their interested young members as a valuable investment.

If you are interested in the program, please [fill out this questionnaire](#) by 8th January. This is not yet a registration for EMP 2023 and is non-binding. On 9th January, we will have an informational call to discuss the program and answer any questions.

PRE-REGISTRATION

Pre-Registration for EMP 2023
