Quite a few of our UK brothers and sisters attended the workshop and had a great experience.

From the 19th of February to the 25th, a 7-day Divine Principle workshop was held in Prague, Czech Republic, at the hotel Olšanka. The workshop was well-attended with over 70 participants, many of which were members from our UK communities, in particular from Scotland. There was a mix of people, new guests, 2nd Generation youth, and members who wanted to refresh themselves. The workshop went by very smoothly as reported by one of the main organisers, Martine M., and even though there were 4 lectures schedule everyday, there was still time for sports and evening programs such as games, movies and testimonies.

The main lecturer of the workshop was our very own dear brother, Dr. David H., who went through the whole content of the Divine Principle, True Parents' life course, as well as basic guidance for our life of faith. After the lectures, time was allocated for Q and A and for group discussions in which content could be better digested or understood.

Our National Director couple and Regional Leaders, Dr. and Mrs. Balcomb, attended the workshop for four days, giving support, guidance and sharing their testimony. Mr. and Mrs. Corley gave a testimony about their life in the Unification Movement. Having worked in a multitude of countries and having a rich

life experience captivated the interest of the audience.

While attending the workshop, the participants also had the opportunity to do sightseeing in the beautiful and historic city of Prague and to visit the Holy Ground. The program ended with a graduation ceremony and a Call to Action. Certificates were given and participants wrote their reflections. It was a great workshop that encouraged many to continue to reach out to society and to help the world in this challenging time.
