7. a TESTIMONIES

Bendzsa Katsuyo, Female, Hungary, CheonBo WS, 2023. June 14-15.

I was very grateful to attend the CheonBo Workshop. I felt very deeply the love of Heavenly Parent when we prayed after the Chanyang Yeoksa session. I felt very heavy on my whole back before the CheonBo Event. But after the Ansu it disappeared. I was so deeply touched by the prayer of each CheonBo Branch staff who offered representative prayer. I felt many good spirits are here with us. The 2nd generation member Kiara Krebsz's testimony touched and moved my heart very much. I felt hope after her testimony.

Sturmne Tomka Erzsebet, Female, Hungary, CheonBo WS, 2023. June 14-15.

Beloved Heavenly Parent, True Parents, with a sincere and grateful heart I would like to thank you for allowing me to attend the HJ CheonBo Workshop in Budapest. I had a very special experience during the Cheonshim Won resonance prayer. **When one of the sister in her representative prayer asked strongly all the saints of Hungary to help True Parents' providence in Hungary, suddenly tears started to fall from my eyes and in a vision, bright spirit figures appeared in front of me, saying in a soft, warm voice, "Here we are". I then felt a deep gratitude in my heart towards Heavenly Parent and True Parents, as if these feelings were not my own, but those of these good spiritual beings.** From the beginning of the Cheonshim Won prayer, I felt a very strong flow of energy in both of my palms, after a while I felt a very big ball of energy forming between my two palms. This strange energy flow was felt throughout the whole prayer time. After the resonance prayer this energy has gone. I am very grateful to our Heavenly Parent and True Parents for allowing me to experience all this.

Kaposztane Berta Reka, Female, Hungary, CheonBo WS, 2023. June 14-15.

I am extremely grateful. Earlier I didn't believe that I had been able to connect to CheonBo event via online. However, **at the resonation prayer time I felt my parents from Spirit World like real!!! I was able to repent and apologise to them.** Thank you!

7. d TESTIMONIES

Violeta Ujvari, Female, Hungary, CheonBo WS, 2023. June 14-15.

This time we had the special privilege to personally have consultation with Rev. In Pyo Moon. I didn't know what to ask exactly. I felt I cannot lose this opportunity. I registered right away. During this period, I am very weak. So, I thought about cancelling. However, something didn't let me, even more, until the last minute it was an opened appointment at a time when I could bring both children. I gave the children opportunity to ask whatever they want from Rev. Moon. First, our 10 years old son, as the only male of the family. His great concern is, when will he gets his very much wanted, newest, very expensive Lego Hogwarts express. I knew what he will ask, but I still need to respect him and give him the chance to express his heart. Rev Moon listened very carefully and asked questions, gave advice. At one moment he checked his wallet. I told him don't give money. I explained him we have a plan to spare money for it, to learn how to wait for what we need. **At my work place we had a big project, I was hoping for a bonus although I was not directly involved. I prayed to rather get a salary increase, than bonus. I knew it was more an illusion than a hope, we don't use to get salary raise. And yet, next day after talking to Rev Moon, I got a salary raise of exactly the price of our son's most wanted lego. This was Heavenly Parent expression of love. He listens our sincere heart and finds the way to give us what we need. I am aware that there are more important issues to ask from Him. And He is ready to grant us. We just need to have this pure, sincere, desperate heart.**

7. e TESTIMONIES

Meszaros Brigitta, Female, Hungary, CheonBo WS, 2023. June 14-15.

The CheonBo Workshop was fantastic. **What was a very special experiences is that I spoke a little bit English, but during the workshop I could understand every words what was spoken.** I never had such an experience. I got so excited from this experience that I was fully alert from the beginning till the end of the workshop and I was not sleepy at all. **I am sure it was because of the very special assistance of the spirit world.** Thank you very much!

7. f TESTIMONIES

Klimesné Bakonyi Zsuzsanna, Female, Hungary, CheonBo WS, 2023. June 14-15.

I am very grateful that the CheonBo EUME Branch team came to Hungary. Originally the date of the workshop was different, (June 17-18) but due to a leaders meeting, Rev, Inpyo Moon offered the possibility to hold the workshop during the week. I immediately felt that Heavenly Parent love us so much, that he wants to give us the possibility to free ourselves, we only need to go out of our comfort zone and make some small sacrifices. **I had the blessing to participate on three occasions in the Cheonshim Won resonance prayer during this workshop, and it was incredible! The songs and prayers together purified the atmosphere so much and I felt how much happy our Heavenly Parent is experiencing the longing heart of his children. During the workshop I felt I am in the spiritual washing machine, sometimes the program was too intense but I feel purified.** On the second day during one representative prayer, I saw in front of me the landscape of Hungary. It was as if I saw a camera on drone flying over the whole country. I felt at ease like drawn by an invisible but loving force. I had another experience that was very deep and that makes me wander. The first and the second day of the CheonBo Teams' staying in Budapest, I kept seeing the face of Jesus with the crown of thorn on his head. The picture was dark, sometimes small, sometimes bigger and at the same time I felt a very strong pain in my heart. I do not know the meaning of his vision but definitely I feel on Heavenly Parent's heart needs to be comforted.

I liked the testimony of Krebsz Kiara very much. Especially when she said what was the meaning for her **when she shouts Aboni, Amoni during the resonation prayer. Through the shouting we make a space in our hearts for Heavenly Parent.** I liked also when Prs. In Pyo Moon explained about the candles and pictures in the Cheonshim Won. I had not known it. Sometimes the shouting was little bit too much for me, but it was much better than when we are in silence and that time we do not know if the other person is praying or sleeping. **I liked very much the Cheonshim Won songs. Also, I had a feeling that my ancestors were praying with me during the resonation prayer. On my left side my husband's ancestors and on my right hand mine. and this way we formed a circle. All of them was holding my hand because I have participated this time without my husband. I felt I need to give my hand to them to hold theirs.** Thank you.

7. h TESTIMONIES

Anonymous, Male, Hungary, CheonBo WS, 2023. June 14-15.

I was deeply moved by the resonance prayer. Even though the Korean style prayer was a little bit strange for me, but deep in my heart reminded of my early years. When I joined almost 30 years ago we had lots of vigil prayer conditions too. I remembered the same spirit, same strength, same heart at that time. **I realized that the deep heartistic connection with Heavenly Parent is one of the key for the whole humankind to change the World.** I am very grateful to have this experience.

First of all, I'm very grateful that you have found an alternative way for keeping Cheonbo event in Hungary. This work is so much needed! Hungary and of course we as members we have been struggling with so much both within ourselves and in the community as well. **After the Cheonshim Won Resonation prayers and CheonBo workshop I could feel peace in my heart within myself and those towards I have challenges with. Each prayer was so strong, powerful, I felt relieved from burdens.** Another experience: as the Vigils prayers and CheonBo workshop was after 4 consecutive weekdays I only planned to participate on the last evening. But on Tuesday at 10 pm I felt such a powerful push to click on zoom and participate, I became alert straight away-so I did and participated at 3 resonation prayers. **When Rev. Moon In Pyo said to imagine holding one hand with True Father's hand and with the other True Mother's hand and pray like this, as soon as we started praying True Father appeared for a split second in front of me. Very shortly but actually since his ascension this was the first time for me.**

Thank you beloved True Parents!
