

“True Parents’ Love and Expectation Toward 2nd Generation and Youth

Koji Matsuda

True Mother's Message (2023.6.12)

- Provide hope towards 2 gen.
- It is necessary to convey the truth of the providence.
- 2nd gen are our future and hope.
- 2nd gen need to once again realize and understand that they are standing in a precious position in human history. Through them, the future will become hopeful and bright.
- King Alexander invaded and ruled many countries of Eurasia but he could not educate youth well and they became negative to rule nations.
- Some 2nd generation are becoming 60 years old. We also need to awaken these type of 2nd gen.
- There are cases of 2nd generation couples coming back because they feared that their children would receive education in the secular world

True Mother's Message (2023.6.12)

- I have been preparing programs for children of 2nd and 3rd gen couples (Kids Café, Kids Edu)
- This is precious and historical work that 1st and 2nd gen are working together to expand CIG.
- Seek and find righteous people who are genuinely concerned about the future. Educate them well to connect with us. They will be grateful as we begin working together.

True Mother's Message (2023.6.13)

- Witnessing is important.
- In this 6 month period, leaders and members need to invest their heart in fulfilling witnessing goals. (500, 1000)
- Current leaders and 2nd gen have a wide age gap. We need 30-40 2nd gen to connect them well to become hopeful members of the Heavenly providence. We need to educate those 2nd gen who do not have hope for FFWPU through showing hope and raising them to connect to the central providence. That is the way for 2nd gen to receive the Blessing. YSP leaders who are 40 and 50 years have to raise 20-30 youth to become central leaders who can work with True Family.
- Korean and Japanese youth will receive education in Korea and we will send them to Europe and the world as missionaries. They will be raised well. The mission of Korea and Japan are important.

True Mother's Message

"Our FFWPU leaders must use their last ounce of strength to ensure that young people become children who join the central ranks, which are centered on Heavenly Parent and True Parents, and take the lead in achieving national restoration and world restoration and become children who can receive blessings."

(2019.9.13)

True Mother's key words for 2nd gen and youth

- Bright Diamond
- Pure Water
- Dream Tree
- Heroes
- Future and Hope
- Sunflowers
- You are truly my children
- You truly give me energy
- Treasure of CIG

“Our second and third generations are precious, treasures of CIG. Raise them well”
(2021.4.28)

True Mother's message on June 2 at Cheong Jeong Gun

- Go to Europe and educate youth and support the region.
- You need to teach the mission of True Parents and the essence of God's providence.
- True Parents are only one couple. It is impossible to expand to the second and third generation. Main stream is one.
- We need to teach 2nd generation well and raise them as central figures for the future.
- Only True Parents can solve the problem of Europe.
- All humanity have dreams to become children of Heavenly Parent.
- We need to teach the way. We need to teach and explain to the pastors of Christianity what Jesus wanted to fulfill while on earth.

What is the mission of True Parents ?

Jesus answered, “I am the way and the truth and the life. No one comes to the Father except through me.

If you really know me, you will know my Father as well.”

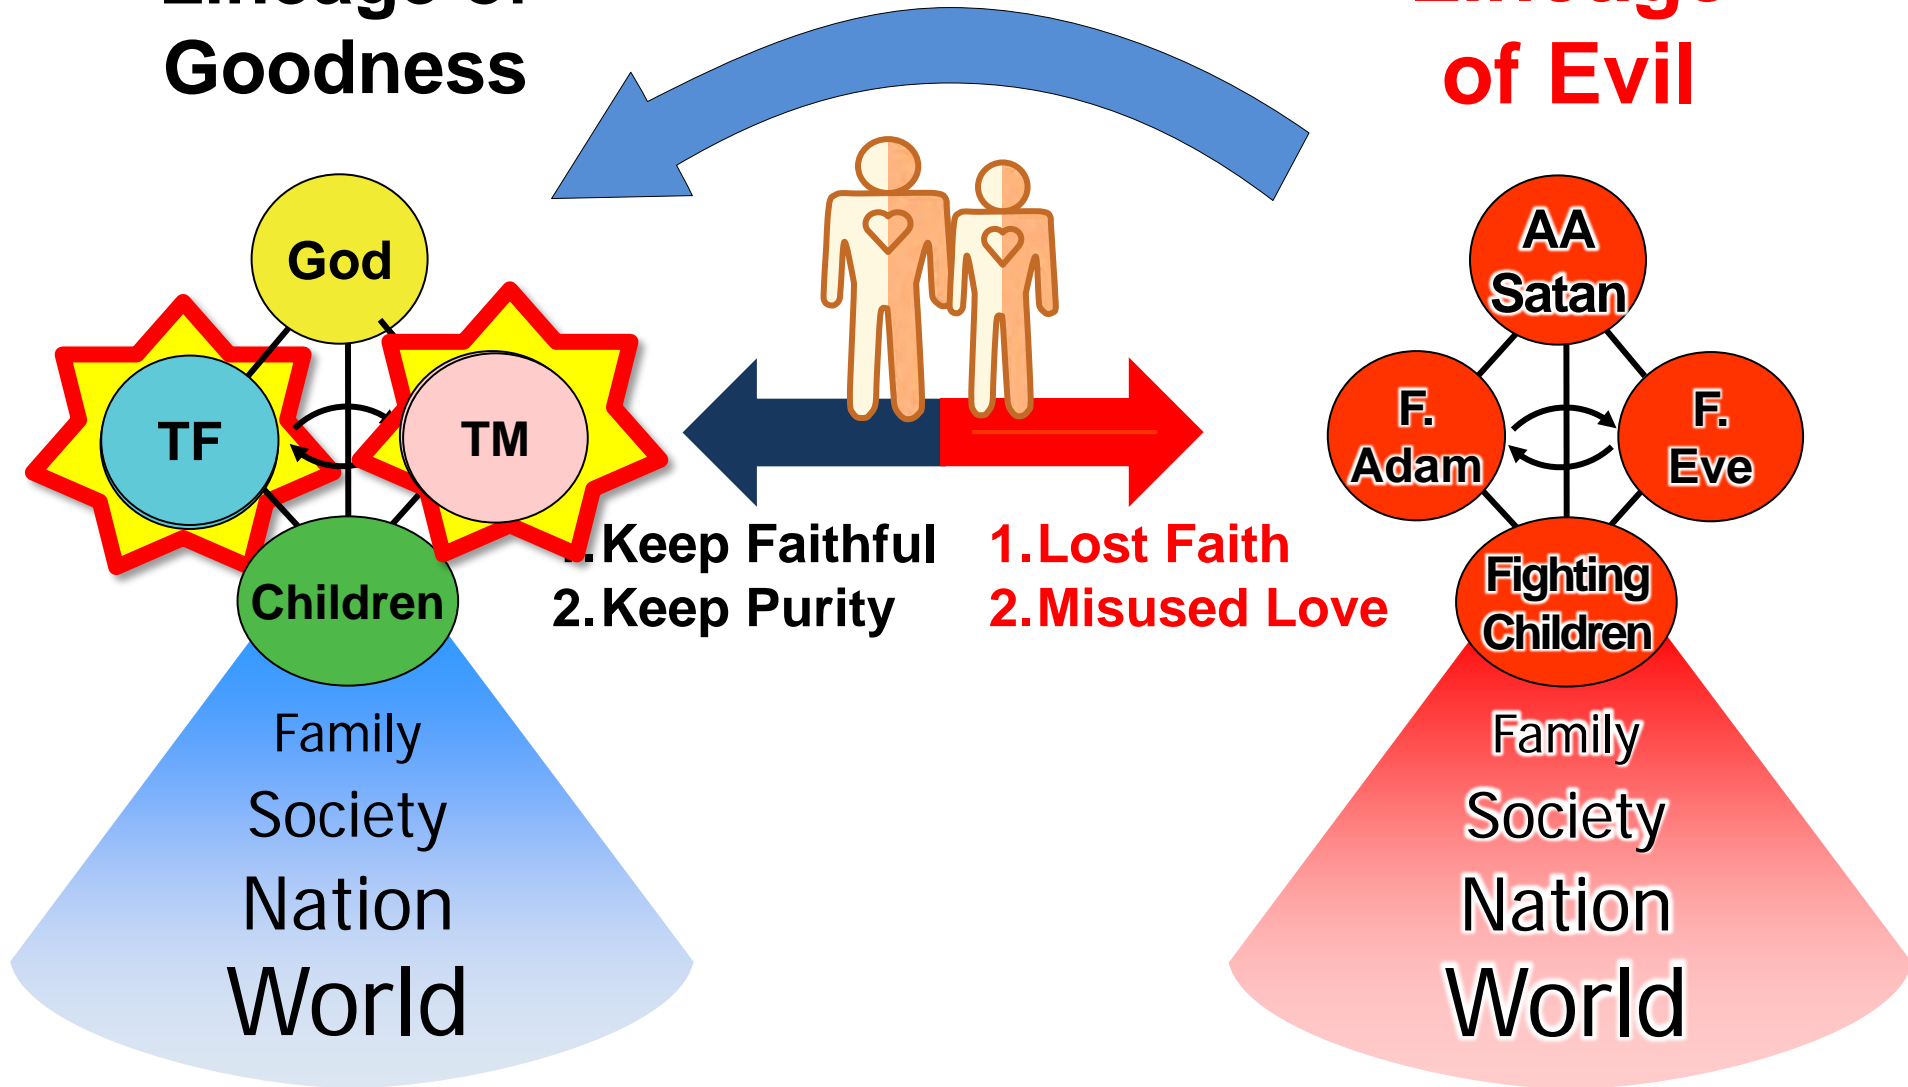

(John 14:6-7)

Speech of President Hyo Jin Moon in front of the Berlin Wall

- **East and West, we must unite within our parents. We must unite with our God. God is a living God**
- **Only God's love, true love, will prevail! Please, let's join together and break down this wall with love. True love can go over anything. It can overcome any barrier! Let's come together and pray for all the people who are suffering in the communist nations.**
- **We truly mean to bring about a peaceful world. We want to bring this world to God. Not by threats, not by power, not by materialism, but only by the truth of God, only by the love of God.**
- **Let's go to the Berlin Wall and pray. We will bring victory. We will bring communism under God!**

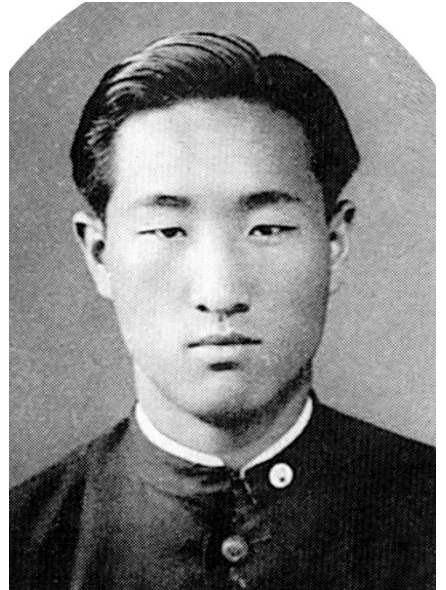

Importance of Youth Movements Promoted by True Parents

“God called youth to make them stand in a central position during the crucial period in human history.” (YFWP Inauguration in 1994).

True Father mentioned Thomas Jefferson, John of Arc, Jesus, and Father.

“If Religious Federation (currently UPF) , Women’s Federation, Youth Federation and Students Federation can enter the UN, unification can expand to the world automatically.” (1997)

YSP got a special consultative status of ECOSOC in the UN in 2022.

Father and Mother Moon

“The most serious social problems are youth problems and family breakdown.”

Importance of Youth Movements Promoted by True Parents

“From now on, we need to mobilize 2nd generation and lead 1st generation. After a 40 years wilderness course, Israel centered on the 2nd generation and built the nation in Canaan. This is directly related to the 2nd generation of our movement. So young people, centered on 2nd generation, should take the lead and build God’s nation.”

(page 877)

“The only method for the development of the nation is through the education of youth and establishment of family ethics and values.”

Importance of Youth Movements Promoted by True Parents

During the celebration ceremony for Sao Tome and Principe held in September, 2019, True Mother said:

The most important thing is working with youth.

We need to train them to grow up and take responsibility.

I will become a person who will work eternally for the public purpose.(Jardim, Brazil)

「We should have a state of mind of taking responsibility for problems occurring in our city, as if the city's problems are our own. We can liken this state of mind to the parental heart that experiences their children's problems as their own. Become such a person with a parental heart.」

「If you can educate 5,000 people your city, the circumstances of the city will change dramatically. 」

We are living in the golden age with True Parents

6 months are so important for each nation to make the foundation.
