

FFWPU UK: 41st Anniversary Of The 2075 Couple Blessing

Happy Anniversary!

Last week we celebrated the 41st Anniversary of the 2075 couple blessings officiated by our True Parents at Madison Square Garden in 1982. After all this time, we again give thanks to God for one more year.

In their benediction prayer upon the couples all those years ago, True Parents said:

Please record them as husband and wife of goodness in Your eternal book of life, and please allow them not to be afraid of any challenge or persecution. Let them be the heavenly true husband and wife who possess wisdom, who march forward with an only victory in mind with courage and pride.

Even though along the way, some of our classmates are no longer with us, True Parents said they would take responsibility for us forever, as parents do. That's something to be proud of, be grateful for, and celebrate.

Now True Mother is encouraging us to do our best to share that same blessing with others, even worldwide. That will be the best celebration of all!

Sincerely,

Michael and Fumiko Balcomb

Regional President, Heavenly Europe and the Middle East
