Value and Meaning of the Great Works

HJ천주천보수련원

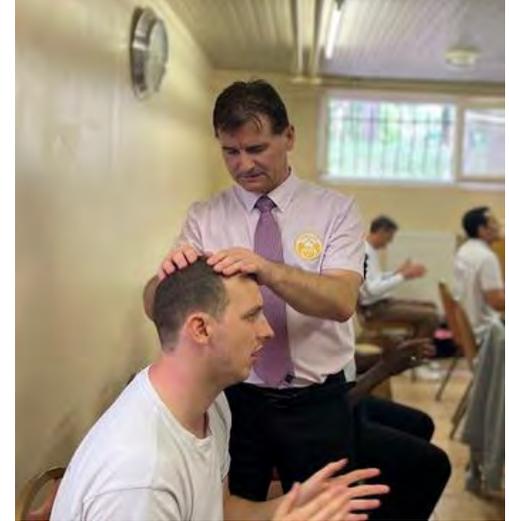

At the Great Works, many absolute good spirits come, push away the spirits and **focus on liberating the central evil spirits**. So many central evil spirits are liberated during a single Chanyang session, something that you cannot even imagine how many. **That is why after a great works, the smaller spirits can be liberated even more and your problems can be solved from the roots.**

7. a TESTIMONIES

Anonymoius, (guest) 37, Male; Chamarande, France, CheonBo Workshop, 2023, July 9

I had an excellent moment. I felt so many things and **it was my first experience to attend CheonBo Event in person.** I thank you very much for all what you do for everybody, and for all the world, and for all Europe. **From today I know that I will be better. I give you all my gratitude because of the liberation of my brother what I could do few months ago and for my best friend as well.** With all my love.

I am very grateful for this CheonBo workshop. **It is an opportunity to purify myself and to realise one more time the reality of evil spirits in our bodies and their influences in our daily life.** I was really moved by the workshop and the Chanyang Yeoksa sessions. **I understood in a deeper way the need to liberate central evil spirits. I felt we need to make much more efforts in order to liberate ourselves and to be able to be more successful in helping the providence and to have enough confidence to witness naturally and love the people with authenticity.** Love is the centre and this is why we need to do our utmost to connect to the love of our True Parents. Thank you to the CheonBo Team for their prayers and their devotion.

Affi Anebo Richard, 50, Male; Chamarande, France, CheonBo Workshop, 2023, July 9

The first day of the CheonBo workshop was very intense and I felt a connection to our True Parents. During the second day, my chest and one of my thumbs were really painful. **After the first Chanyang Yeoksa session in the morning, the pain from my chest disappeared after many years of suffering.** During the second session of Chanyang Yeoksa in the afternoon, I was struggling to clap with my hands. While clapping, the pain was growing and I wanted to stop clapping, but I kept doing it. **At some point, the pain which was in my right thumb was transferred to my left thumb. And a voice told me: "Go on!" I kept doing clapping and the pain from my thumbs disappeared.**

Many thanks to our True Mother who took over the providence alone after True Father's passing. Behind a great man like our True Father our True Mother played such an important role, often hidden. Today she allowed us to free our ancestors in our region and in our country. It is such a great blessing to liberate the spirits that are disturbing our lives. I really felt True Parents' love through the CheonBo Branch Team which Mother mobilizes, under the direction of President Moon and bring them to EUME Centres in every place they went. The Christian Spiritual world is in full of swing. **I also had a spiritual experience with my two grandfathers from mother and father's side, they told me we are here and we are fine. We wash ourselves frequently with a shower. The CheonBo Event gives us an opportunity to clean up our spirit-self even though we don't see it. Important to do Chanyang Yeoksa again and again. Never give up to believe that one day we will be free. So grateful for all these experiences.**

7. e TESTIMONIES

Dusautoir Charles, 73, Male; Chamarande, France, CheonBo Workshop, 2023, July 9

Thank you very much for President Moon and the CheonBo Team for their total investment in all the Europe and Middle East region. The last Chanyang Yeoksa session was 'a giving direction' to remove evil spirits and it was effective for me. I could also feel liberated after the Cheonshim Won resonation prayer. **I could completely forgive for those evil spirits and the central evil spirits I applied for collateral liberation. I could pray that Heavenly Parent could give them completed blessing.** Completed blessing for the central evil spirits and through the returning resurrection those liberated spirits could come to their descendants. **After the Chanyang Yeoksa session I feel more grateful towards Heavenly Parent and True Parents and more desire to share this gratitude to others. We should learn from the beginning of our childhood that we are a child of Heavenly Parent, just like True Mother in her childhood was listening "God is your Father".** Thank you again very much.

Thank you very much for Heavenly Parent and True Mother to have a CheonBo team here in France. I had a great experience with the love of Heavenly Parent and the spiritual world. **When I was clapping, I wanted to invest myself hundred percent. More and more spirits left me and I felt I am liberating the spirits. At one moment I felt someone put his/her hand on my head. Then my heart felt a lot of comfort and tears came to my eyes. I felt many bad spirits were attached to me, but these spirits wanted to recognise that I work out hard. Warm love came down from Heavenly Parent and these spirits were happy.** So this was a very special spiritual experience for me. Thank you very much to all.

7. g TESTIMONIES

Colleter Sam, 30, Male; Brittany, France, CheonBo Mini Workshop, 2023, July 9

I am still wondering how is it possible that I could receive the strongest experience with the CheonBo Workshop in Brittany instead of going to CheonBo Training Centre in Korea. The atmosphere was so strong that I couldn't stop my tears almost during the whole evening program. I really felt united with the heart of Heavenly Parent and True Parents, and I felt inspired and felt plenty of hope hearing the prayers of sincere faith and devotion of my brothers and sisters. I really felt everything is possible: *unity between North and South Korea, witnessing to the 1/3 of the world population.* During the Chanyang Yeoksa Session I was a bit scared when Rev. In Pyo Moon came directly to give ansu on me, my mind was so conscious and filled with some thoughts. When he eventually hit my head I could focus, empty my mind, feeling the rhythm of his hands and trusting Heavenly Parent that he was helping me to get vertical connection with God. When he stopped doing ansu, I felt relieved from disturbing thoughts, feeling light and I could be completely united with my mind and body. *My wife always had difficulties with me being a pastor in the last four years: She suffered in her youth because her father was a Korean pastor, lot of sacrifices, her only wish was for the blessing partner that in the future wouldn't become her husband a pastor. But last week during the 800th vigil prayer in Korea, she participated online and received a revelation that she should let me be a pastor, unite with me and support me.* I was so grateful to Heavenly Parent; tears came to my eyes. A miracle happened, on other one.

Thank you beloved True Parents!
