I am just arriving now in Korea and will go at once to Busan to join our more than 120 young pilgrims, among them many of your beautiful children.

We will first visit the Rock of Tears, where True Father began his mission anew more than 70 years ago. Despite having lost almost everything, he never gave up. He wrote down the Wolli Wonbon, and God sent him to prepare people to help spread this truth to the world's far corners. Sitting and praying on the rock of tears, he saw in his mind's eye the day when people would come to that very spot.

True Mother is just the same. This morning, I reflected that when True Father ascended in 2012, True Mother was "only" 69 - just a couple of years older than I am now. Today, she is 80, but her spirit and determination are undimmed. Our team will be meeting her soon.

As we enter this final week of preparations for the 11th Anniversary of True Father's holy ascension, let us be good filial sons and daughters of our Heavenly Parent and True Parents, "the same yesterday, today, and forever."

Love and prayers from Korea!
