March 20, 2024

Six nations. Dozens of players. One ultimate prize. Get ready for United Football Games 2024, as six countries clash on English soil.

Here is a message from the organiser, Kenko W.:

Hello everyone!

I hope you are all well,

We've been organising France-England football matches for three years now, after 2018, 2022 and 2023.

This year we're doing things with ambition, a tournament with six countries!

United Football Games 2024 - France, Germany, Italy, Spain, England and USA

This tournament will take place in England, and we'll be broadcasting the matches live!

So support your favourite country from the comfort of your own sofa!

We've officially created our Association United Football Games France (UFG).

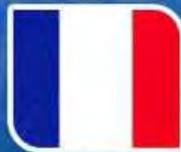

A project like this isn't free, so if you'd like to help us financially, the event or the association, click on the [link below](#) We are also even giving away merchandise with the donations as a souvenir

The different teams will be staying at our own Cleeve House, with the matches being played in football pitches around the local area.

2018 was the beginning of amateur football enthusiasts from France and England and this year will be the fourth edition. Each year we proved our commitment by improving our planning, event quality and reinforcing the budget.

Our aim is to bring different nationalities together for the shared interest of football. We want to have a space to connect, support, and encourage each other.

- In 2018, we just organized our first football match between France and England in London. We traveled by bus, we had non-uniform T-shirts.

2018

- In 2022, we organized the revenge France-England in London, and this time with uniform jerseys and a cameraman to keep a souvenir of this great match.

2022

- In 2023, we closed the story between France and England with a third match in Paris. The jerseys were improved, two cameramen were present to take photos, and above all we invested in a broadcast of the match, on Youtube

The **United Football Games Association** was created in January 2024 to make it official in the eyes of the world. This year for the fourth edition, we have the purpose to create bonds and experiences with international youth through the events.

Six countries will be present for a unique moment for football fans and football enthusiasts: France, England, Italy, Germany, Spain and, to our great delight, the USA.

The tournament will last three days: requiring a great deal of planning and funding.

- Friday 28 of June (group phase)
- Saturday 29 of June (group phase + semi-finals)
- Sunday 30 of June (game for the 5th place + game for the 3th place + big final)

Each Donation, no matter how big or small will be highly appreciated!

BIG THANKS.

(PS: BE AWARE, YOU HAVE THE CHOICE NOT TO GIVE TO HELLO ASSO AT THE CHECKOUT PAYMENT).

Description des postes de dépenses

1. The vast majority of crowdfunding expenditure will be devoted to improving the broadcasting of matches. We're going to invest in an automatic AI camera, with a 7m tripod, which will film football matches on its own, with the option of showing important match action. And all the other equipment we'll need to set up the control room.
2. Then the streaming team. This year we're going to have a motivated team to manage the broadcasts, with replays, editing and breaks during live broadcasts. We really want to pay them for the work they'll be doing during this event.
3. - Pay some photographers, to memorise this new edition. - Pay for awards, trophies, medals, and so on.- basic equipment for football matches, decorations, water and so on.- Hire vans to transport players to the football pitches.
4. We also really want to be able to help the players and fans present at the tournament financially, as everything is getting very expensive these days, with accommodation, food, transport and pitch hire. So if we can help them out a bit financially, that would be a big bonus for us.

Help us to make this edition memorable.

BIG THANKS.
