Dear brothers and sisters,

This year, we are planning to hold three European summer workshops for Blessed Children and Jacob Children. We are happy to announce that we are opening registrations. As ESGD we have a longstanding educational tradition that has built a foundation of faith and community for many; this year we want our Development to go further and deeper - helping us all meet the internal demands of 2024 and beyond.

The SNR+ Workshop is designed for the 15-20 age group and is the developed version of our traditional European SNR HARP Workshop. The long-standing ODP+ Workshop is tailored for the 18+ participants. For the 22+ age group there will be the recently established ROOTS 22+ Workshop. On each of the workshops, we want to provide and create an environment where we can experience our authentic BC culture; in which we can reaffirm our identity and uphold our values.

We are happy to announce that the DONE programme (Mission One module) is offering a generous sponsorship of €30 per person for SNR+ Workshop and ODP+ Workshop. We are very grateful for this support, as an expression of care and encouragement for all Blessed families involved. Additionally, we would also encourage participants to look for further sponsorship opportunities in their communities to support their travel and/or participation fee.

Spending some of your summer at an ESGD workshop is a worthwhile experience and investment; you being present can be an offering towards maintaining and developing something of lasting value. We hope that you can also consider working and saving towards covering your own costs, and that you can prioritise being a part of building something good for yourself and others.

Each year, we rely on a large team of volunteers to support each workshop, and we warmly welcome you to contribute and serve this summer too. If you want to apply as staff, please select the 'staff application form'. The final staff arrangements will be partly determined by the size of the workshops and the number of staff applications, so please do apply, but know that we cannot confirm all staff applications or arrangements until we have a clearer picture of registrations. We appreciate your patience and understanding.

Below you can find the description of the registration steps and a link to detailed information about each workshop. If you would like to attend a workshop, please fill out the registration form as soon as possible - you can benefit from the early bird fee! Please remember that spaces are limited. If you register early, it will help us to see the expected number of participants and prepare accordingly.

The ODP+ (Original Divine Personality +) workshop is a precious opportunity for those aged 18+ to go through some focused and stimulating spiritual training. The ODP+ workshop has developed year upon year, and has been consistently challenging, as well as rewarding and enjoyable.

Through the content, there is a chance to experience the essence of True Parent's teachings, and the core aspects of Second Gen education from years of experience. Indeed, the importance of connecting personally to God, True Parents, and other key relationships in our lives is a strong emphasis throughout the programme. As well as

the focused education, a lot of the atmosphere that makes this workshop comes from the energy and relationships that participants build in their teams, supported by team challenges, sports and activities. The education will encourage participants to explore their Original Divine Personality together.

This workshop is open to all 18+ who are looking to go deeper and who want to invest in creating an experience that will revitalise you and your spiritual life. Whether you are graduating high school, planning to take a gap-year, studying at university, or working, this might be the right choice for you to make a positive change – with an experienced and dedicated staff team to provide personal support and care. The experience cannot be explained easily, but it will be worth the commitment if you are open to make the effort.

We are confident that this experience can make a substantial contribution towards preparation for the matching and Blessing, and to provide both a detox and recharge for a fresh start.

This workshop is designed for the elder HARP age-group as well as for young adults aged 18-20. We want to respond to the wishes of elder brothers and sisters to join this workshop and have therefore adjusted the programme accordingly. Some of the activities might be divided into separate age groups, one group being for 15-17 year olds and the other group for 18-20 year olds. Thus, we can offer relevant care and guidance for everyone.

The workshop is a precious opportunity in the year to reconnect with friends from all over Europe (and beyond), to build new friendships and to gain strength and clarity about our shared identity and path as blessed children. There will be relevant and relatable content to go deeper into what it means to live a daily life of faith, along with discussions and interactive activities. Through the mixture of challenging, reflective and team activities, we want to build an atmosphere where we create wonderful, lasting memories that remind us of our potential and our connection as brothers and sisters. There will also be a variety of education and testimonies given by elder Second Gen and educators to share lessons and perspectives that can strengthen our commitment in living our life as God's representatives. Come and join us this summer to re-discover and strengthen your conviction towards the spiritual path.

The ROOTS 22+ workshop will offer a chance for you to take time aside to invest in your spiritual journey, as individuals and as part of our community. Part of the programme will be talks and presentations to stimulate discussion and generate a focused and reflective atmosphere. Alongside this there will also be chances for connecting and enjoying sports, games, and nature together, based on the interests of the group.

With the personal challenges that we are facing, as well as wider concerns regarding the future of our universe, we can find ourselves both overwhelmed and unsettled. Every now and then,

we need to reconnect to our roots to regain direction and clarity, and a greater sense of hope and purpose. We hope this workshop, together with the investment of all involved, can provide an opportunity for an internal refresh and shift forwards: through Reconnecting, Open hearts, and Open conversations, Truth-seeking, and Supporting each other as brothers and sisters.

Please note that we will have schedule in the morning of the last day (Sunday) and the workshop will conclude with lunch. Plan your departure in the afternoon ☺
