

## FFWPU UK: YSP Attends Annual IAYSP EUME Assembly In Budapest, Hungary

Michael Balcomb  
October 27, 2024

From the 24th- 27th Of October, our youth in YSP UK attended the 2024 Annual EUME Assembly and came 2nd in the EUME Sinergy Event!

Students and young adults from across various Youth and Students For Peace Chapters across Europe and the Middle East (such as the Balkan region, Lebanon and Austria) met to discuss their current projects, develop their skills and plan new ideas.

Here is what YSP UK Director, Sophia N. said about the assembly-

'It was a really inspiring and amazing time, to get to meet, create and discuss with other like minded youth. We were able to present at S!nergy our idea of developing an app to help youth be more safe and

came 2nd place, helping to give our team a major goal for the year. We were able to discuss not just our individual chapters but what we could all collaborate on together, such as supporting Lebanon in these difficult times. I really hope that we can inspire more youth to join the team in the year ahead so that we can develop more projects and create a change! YSP is for everyone!

Youth and Students for Peace is a sister organisation which is perfect for any and all youth to become involved in a community that is working to better our world and environment. If you would like to find out more or become involved please reach out to Sophia personally.

You can also message and keep up to date on their activities on their Instagram page here-
