Extracts from a speech by [Mother Moon](#), read by Won-ju McDevitt, at a large [Family Federation](#) gathering in the Han Hwa Temple, Las Vegas, Nevada, USA 19th January 2025.

'I love you all so, so very much.

Every time I think of you, my heart is filled with joy and hope, almost to the point of tears.

The way to save America and the world is for the "Pure Waters" of America to awaken. They must awaken and let everyone know that in this war-like world - this world without peace, this world where we cannot look to the future with any hope - the only way forward is to attend our Heavenly Parent.

All of you "Pure Waters" of the "Heavenly USA" must flow out toward America and toward the world. You must purify everything and make it clear. I hope that the "Heavenly Top Guns" and "Pure Waters" will do their best so that we can have a Heavenly USA and a Heavenly Unified world, that attend Heaven. Seeing all of you today, it becomes clear once again that our Heavenly Parent is love and is alive, working among us. You remind us that our Heavenly Parent is truly a living and active presence.

Won-ju McDevitt, who read the speech, then added,

True Mother [...] said that she misses each and every one of you so much that when she sees even one of you, she forgets about all her pains and troubles, and that she is always thinking of you with love. When I see you today, I can truly feel that

"Heavenly Parent is truly a being whose essence is love, and one who is indeed alive and working here with us."

When I look at your eyes, they are saying to me,

"As children who have become one with True Parents, we will write an ongoing epic of great hope!"

And your burning hearts, are also speaking to me, saying,

"As chosen people who have become one with True Mother, the Only Begotten Daughter, we will write a grand epic of true love."

This is our hope. This is our strength. This is the joy and glory we offer to Heavenly Parent and True

Parents. [...]

The 21st century should be the time of most clarity and certainty in all of history with the cutting-edge science that we have. But paradoxically, the world is engulfed in continuous chaos and conflict. People are unable to recognize what is true.

The first reason is that an increasing amount of false information is being circulated with help of the advancement in science and technology.

The second reason is that until now, there was no "true person" who could truly reveal the truth of history.

From the large gathering in Han Hwa Temple in Las Vegas 19th January 2025

From that perspective, the words that [True Mother](#) gave to the Christian leaders on Christmas Eve last year resonate strongly. [True Mother](#) said,

"What has Christianity done during the past 2,000 years? What devotion have Christians offered for Jesus? Jesus said, 'I will come again and hold the Marriage Supper of the Lamb.'"

That means that based on the principles of [God's](#) creation, a man and a woman were created. And Jesus will come again, in order to see the completion of this principle.

When the only-begotten Son, Jesus Christ, was born after '4,000 years', what should have been Mary's sole purpose?

She should have devoted herself to setting up the environment wherein Jesus could be welcomed, in which he could become the Savior and [True Parent](#) of humanity. However, Mary could not fulfill that responsibility.

Cheonwon Goong starting to take shape. Here, in August 2024

Even today, Christmas is human-centred. There is no record of Jesus' birth. What efforts and devotion did Mary offer to support Jesus? Christianity calls Mary the Holy Mother as they do not understand the

essence of Jesus.

It is time for a change. Why? Because this is the 12th year of [Cheonil-guk](#). The [True Parents](#) have been born on earth, and the [Cheonwon Temple](#), an environment where our Heavenly Parent's dreams can be realized, have been created.

Christianity, which should be taking the lead in creating the [Cheonil-guk](#) environment and advancing towards the world together with me, is still unable to fulfill its responsibility.

Due to lack of Christian understanding of the essence of Jesus, Jesus is brought to tears. Please do not let Jesus suffer any longer. This must change. I am telling you the truth of the [providence](#) so that today can be the day when Jesus is liberated."

[...] Beloved "Heavenly Top Gun Missionaries", "Pure Waters" and new young members, it was on the Christian foundation that our Heavenly Parent sent [True Mother](#) to this Earth in 1943 as the [only-begotten Daughter](#).

The Marriage Supper of the Lamb [as described in the book of Revelation] - which was the purpose of Jesus' second coming - was fully accomplished [in 1960](#) through [True Father](#), the Lord at his second advent, and [True Mother](#), the [only-begotten Daughter](#).

Thus, the [True Parents](#) emerged from the history of humankind. The advent of [True Parents](#) is therefore the amazing fulfillment of the [principles of creation](#). It is the greatest gift and grace that our Heavenly Parent has given to humanity.

This is by no means a matter of faith. This is a matter of truth. This is not something to be accepted or not accepted by fallen people who are completely unaware of what will happen one hour from now, or one day from now.

This is the exercise of our Heavenly Parent's absolute sovereignty. It is entirely the [providence](#) and work of our Heavenly Parent.

This makes us realize once again how much we should offer our gratitude and praise to [True Mother](#), the [only-begotten Daughter](#) who at the young age of 16 decided, "I must step forward!"

After the trials of Japanese colonial rule and the 1950 [Korean War](#), she devoted herself absolutely to the path of [True Parents](#) and the [providence](#) of Heaven.

When we entered the year 2025, [True Mother](#) gave us the motto in the 13th year of [Cheonil-guk](#), when we attend the Creator, our Heavenly Parent, substantially,

"Let us, the [blessed](#) families around the world, become true sons and daughters of [Cheonil-guk](#), who fulfill our responsibility as a chosen people in unity with the [True Parents](#)."

The previous motto which we followed from 2013 when [Cheonil-guk](#) was proclaimed, until 2024, the 12th year of [Cheonil-guk](#) was,

"Let us become true owners of [Cheonil-guk](#) who practice [true love](#) in resemblance to our Creator, the Heavenly Parent."

This was the stage of the [providence](#) during which we worked to take true ownership by practicing [true love](#) in resemblance of our Heavenly Parent.

However, beginning from this year 2025, we have entered the era where we can directly attend our Heavenly Parent here on earth.

Attending our Heavenly Parent means "living together in the same house", and that cannot happen with anyone other than our [Parents](#).

As our True Parent, our Heavenly Parent will finally be attended here on earth in our everyday lives.

That historical start begins with the entrance ceremony of the [Cheonwon Temple](#) and the Cheonil Sanctum.

[True Mother](#) said that the entrance ceremony of the [Cheonwon Temple](#) marks the day when our Heavenly Parent settles on earth for the first time after "6,000 years".

[True Mother](#) said that this will be the day when the [blessed](#) families and the chosen people who are the

children centered on [True Mother](#), the [only-begotten Daughter](#), will attend our Heavenly Parent here in the physical world. The entrance ceremony of the [Cheonwon Temple](#) is the completion of Heaven's [providence](#) and the day of the fulfillment of human history for which our Heavenly Parent has been waiting since the creation of the world.

This is the reason [True Mother](#) has been waiting for this day with such joy, excitement, gratitude and devotion.

In addition, the concept of chosen people, which has been used only about a specific region or ethnicity, has been elevated to a higher level through the [True Parents](#). [Blessed](#) families who have received the [Blessing](#) through the [True Parents](#) become the chosen people of the new era of [Cheonil-guk](#).

Therefore, we are not ordinary citizens. We are the chosen people who have become one with [True Parents](#). This is nothing less than a miraculous transformation and revolution that has never been seen before in history.

And [True Mother](#) has told us that this year's motto will be passed down from generation to generation. That means it is that important, and that the part of it that she emphasizes most is responsibility.

She has explained to us that responsibility always follows blessings. In addition, [True Mother](#) said that a "Heavenly USA" is a nation that should take the lead in the [providence](#) and take responsibility at this important time of the entrance ceremony of the [Cheonwon Temple](#) and the expansion of our Heavenly Parent's realm being governed directly by our Heavenly Parent.

This is because a "Heavenly USA" is a country that represents the global Christian realm, and because it stands in the position of the "eldest son nation" of the [providence](#). [...]
