### **The Cheonil Holy Paintings**

To the left and right sides of the Cheonil Sanctum, the main sanctuary of the Cheonwon Temple, fourteen master artisan works depict scenes of God's providential work.

The paintings were planned and commissioned by Mother Moon between 2016 and 2023.

The artists worked with a century-old Korean technique of mother-of-pearl inlay covered with lacquer painting.

### **Life and Vision of the True Parents**

The seven works on the left illustrate the beautiful figure of the True Parents, the returning Messiah and the only begotten Daughter.

The seven works on the right showcase the efforts of the True Parents working around the world for unity and reconciliation, building Cheonil-guk together with peace-loving leaders and families.
