Last weekend, the HJ Cheonwon campus in Chung Pyung, Korea, became the spiritual heart of a global celebration as thousands gathered in person - and tens of thousands more joined online - for the Winter Great Works Spiritual Retreat.

The Winter Great Works Spiritual Retreat in celebration of True Parents' birthdays was held last weekend in Chung Pyung, Korea. Several thousands gathered on site on the HJ Cheonwon campus, and tens of thousands more joined online from around the world for a full weekend of vigil prayer, worship, testimony, reflections about the life of True Parents, and more.

Unfortunately, there were so many wanting to join online that our servers couldn't keep up. For those of you who'd like to catch up, we offer our apologies and the following links - please note they are only active until Sunday evening!
