

FFWPU UK: 20th WAIT UK Anniversary Celebration Held At Lancaster Gate

Michael Balcomb
February 19, 2025

This past Saturday a beautiful event was held to celebrate the 20th Anniversary of WAIT UK!

WAIT UK is a performance-based youth charity that has worked for the past 20 years towards its mission of helping young people to prevent the spread of HIV/ AIDS, whilst also aiding in their personal development throughout their teenage years, promoting abstinence before marriage and developing healthy, pure relationships between peers.

Many youth from our community have been part of WAIT throughout the past 20 years, engaging in programmes, being part of the performing team and nurturing efforts and the creations of new teams in other countries such as Uganda. Both volunteers, members and parents joined together on this evening to hear testimonies from the impact WAIT UK has had on lives both inside and outside of the UK. There

was also the chance for people to enjoy musical performances and connect together afterwards with a dinner.

Overall, it was a very moving and beautiful event that gave the space to re-live memories from the past 20 years but importantly, to also give thanks and recognition to those who have dedicated so much of their time to keeping WAIT UK running. A special recognition award was given to our brother Marshall D. for everything he has been investing into the youth and social causes.
