

FFWPU UK: The New National Leader For Our UK Community - Bogdan Pammer

Michael Balcomb
May 9, 2025

Dear Brothers and Sisters,

We are pleased to share the news that True Mother has accepted our proposed candidate for the position of National Director of FFWPU UK, Bogdan Pammer.

Having undergone a thorough and carefully considered multi-stage selection process, we were impressed by Bogdan and Yoshiko's vision for our UK movement, as well as their spiritual and managerial experience both inside and outside of our movement. While they hold a deep respect for the spiritual foundations of our movement, they are also unafraid to implement new and better ways of doing things where needed. Their broad support among members was reflected in the 21 nominations they received from across the country.

We are confident that Bogdan and Yoshiko will take the lead in driving important improvements to our UK movement and strengthening our engagement in priority areas. However, these improvements will not come from one person or couple alone - they will be shaped by all of us working together. We hope that every UK brother and sister will feel included and empowered to contribute to the development of our UK movement under the guidance of our precious True Parents and inspired, grateful and secure in the love of our Heavenly Parent.

Bogdan will begin his role full-time in September. Until then, we kindly ask that he is given the space to focus on his current responsibilities. In the meantime, he will continue as pastor of WWW and work on European level. Further details, including the handover ceremony, will be shared in due course.

We want to express a big thank you to everyone for supporting the process via continuous prayers and conditions.

Please join us in warmly welcoming Bogdan and Yoshiko as we embark on this new chapter of our UK movement.

Chris Jones, Dawn Pollitt, Sonja Read, Kieran Hoyte
