WELCOME

To view the voting results of the District Council election, please select your District from the list below or use the District navigation buttons above. The top twenty nominees are listed on each District page. Votes were collected through a national online ballot, national e-mail and national fax. Those submitted through local channels were transferred to the national collection. Votes were counted only from voters registered through their District Headquarters, in compliance with established election directives. Accordingly, votes submitted for current District Pastors, their spouses and other "paid" Pastors were not counted.

Eight nominees who received the highest number of votes in each District are eligible to serve on the District Council. Each was contacted to verify his/her acceptance to serve.

Thank you for your participation in this historic election!
