SINCE Putin's decision to invade Ukraine, Russia has suffered a series of unintended consequences. There are cracks forming in Russia's autocracy, but how significant are they? From a poor military performance against Ukraine that surprised everyone, to an attention-getting, albeit brief, rebellion from the mercenary Wagner Group—very little about Russia is going according to expectations. The effects are felt in the Indo-Pacific, including China, observing events closely as it eyes its own geopolitical priorities.

Join **Daniel N. Hoffman**, commentator and former CIA Moscow station chief, along with **Ambassador Joseph DeTrani**, former U.S. envoy to the six-party talks and **Dr. Alexandre Mansourov**, professor of security studies at
