**FFWPU Cuba:** Thank you Heavenly Parent and True Parents for your protection, guidance in order to finish this event, Peace Road (Bike) 2015. May Heavenly Parent and True Parents bless all individuals, families who have participated in this event in Cuba from July 31 to August 2 for 3 days. Thank you so much everyone!!!

This event was held at Miami Cuban Center which continued to Key West in southernmost point of USA, which is 90 miles. This event initiated with great hope for a better relationship of North America and Central America, celebrating normalization diplomatic relationship between America and Cuba. Furthermore we really wish to spread True Parents Peace Message to all the people in Cuba.

We greatly made it our journey of 166 miles trip (267km) for 3 days. We did inauguration ceremony in our Miami Center with Cuban Peace Ambassador and finalized it successfully in Key West, the southernmost point of USA. This event was very meaningful for us because all the first, second and third generation participated together in one heart and mind and we are deeply.
