HAPPY
International Women's
DAY

"Women have the magical power to create harmony and to soften hearts. Brides build bridges. The world of the future can be a world of reconciliation and peace, but only if it is based on the maternal love and affection of women. This is a true power of womanhood. The time has come for the power of true womanhood to save the world."

- Dr. Hak Ja Han Moon
Founder of Women's Federation for World Peace International

Re-imagine Your Home-Part 2

Yun-A Johnson is the CEO and Founder of Your Aesthetic Style (YAS). She will help us look at 3 components—Aesthetics, Order, and Function—that impact our choices we make about our home.

Yun-A will also guide us to look at how an important part of Self-Care is asking for help and support. Join this webinar with your mother/MLL, your daughter/DL, an aunt, cousin, or friend with whom you want to practice asking for support. Don't have someone to invite? It's ok—join us to practice this important skill. We will celebrate International Women's Day together, learning how to ask for help and supporting each other.
