"I was introduced to so many people and had the chance to hear all their beautiful testimonies," said Dr. Chung Sik Yong, who is now continuing his [national tour](#) in the Western United States.

On November 1, Dr. Yong, FFWPU regional president of North America, arrived in the Colorado capitol of Denver.

"We had a nice meeting with members at the Colorado Family Church," he said, "and I met with key regional leaders Revs. Ken Doo, Kevin Thompson, Michael Heinrich, and others including Rev. Richard Buessing and his wife."

"I really appreciate the Buessing couple's dedication," he said, as they opened their home to host Dr. Yong's meeting.

Since early August, Dr. Yong's 50-state tour has taken him across the country as he [follows in the footsteps](#) of True Parents. In each state, he has met with Unification leadership and members, as well as local government and faith leaders, sharing a message of hope and peace to revive the spirit of America and its people. Dr. Yong has also visited the [holy grounds](#) in each state established by True Parents in 1965.

"I went to the holy ground in Wyoming for prayer with a small group," he said. "We don't have much foundation there, but in the future we need to send young people to pioneer that area. It's such a beautiful place."

After stopping in Wyoming, Dr. Yong flew from Colorado to Utah where he was welcomed by Pastor Mike Stovall of Salt Lake City Family Church. The tour has enabled Dr. Yong to meet many Unificationists in person for the first time since assuming the role of regional president during the pandemic last year.

As the nation faces a range of issues amid the ongoing COVID-19 pandemic, Dr. Yong has connected with many couples and families - the backbone of society and the nation's future. Along the way, he has shared FFWPU's national goals leading up to True Mother's visit to the U.S. in December. Unificationist leaders aim to connect more people with the [Marriage Blessing](#) movement, corresponding resources, and increase local community activities nationwide.

"The tour has been a very good experience," said Dr. Yong as he continues to more states.

Dr. Yong will finish touring the Western U.S. this week.

Regional President Stirring the Spirit of America

Dr. Yong meeting with local Indianapolis official (FFWPU-USA)

A national tour is currently underway by Dr. Chong Sik Yong, regional president of Family Federation for World and Unification (FFWPU) North America, as he seeks to revive the spirit of America. Dr. Yong is visiting a number of major cities throughout the US, meeting with community leaders and members while delivering a message of hope and peace for America.

“I was happy to see so many [FFWPU] leaders and members in person,” said Dr. Yong, who recently visited Dallas Family Church. “It was really great to see each one of them... My desire is to see and meet each of our members and embrace them; this is like the Kingdom of Heaven.”

Dr. Yong’s trip to Texas follows a stop in Indianapolis last week, where he joined the local Unificationist community in announcing Rev. Josue Kisile as the new pastor of Indianapolis Family Church. Pastor Kisile previously led Grand Rapids Family Church in Michigan.

Dr. Yong and FFWPU-USA leaders also met with new Indianapolis Deputy Mayor Judith Thomas. “I gave her Mother Moon’s [memoir](#),” said Dr. Yong. “It’s the first time I’ve met a politician since I came to America.”

It’s been a challenging year for many as the nation faces a range of issues amid the ongoing pandemic.

Dr. Yong aims to connect with more government leaders on his tour—in

addition to faith leaders and American Clergy Leadership ([ACLU](#)) pastors –who can help revive the spirit of America’s people. He also plans to meet with as many couples and families as possible, which comprise the backbone of society and the nation’s future.

“I’ve had great meetings with members regarding all of their activities,” said Dr. Yong. “They have shared from their hearts and it was really beautiful.”

Community members have been delighted to receive Dr. Yong, too, with some even calling him “family” due to his loving, parental nature. “I was grateful to connect with Dr. Yong and his recent Sunday service message of how important it is to bring restoration to our parents and our lineage,” said one young Unificationist from Dallas.

For many, it’s the first time they’ve met Dr. Yong in person since he began his role as regional president last October, when much of the US was still under heavy pandemic restrictions.

“He has really emphasized raising up and supporting the younger generation in America,” said Rev. Miilhan Stephens, FFWPU national vice president. “He has a great heart that conveys Mother Moon’s deep love for us.”

FFWPU’s co-founders, Dr. Hak Ja Han Moon and her late husband, the Rev. Dr. Sun Myung Moon, have long spoken about God’s hope for America and its critical role in leading the rest of the world toward lasting peace and unity. “Humanity is currently in a position that is not completely aligned with our Creator,” warned Dr. Moon during a [virtual rally](#) in September 2020, among more recent events. She said the Covid-19 pandemic is a call for us to pay attention; and that America must take initiative and humanity must work together to resolve its problems.

Sharing Dr. Moon’s message, Dr. Yong’s speaking tour is inspiring more people to respond with urgency. “I feel very encouraged because I really believe that we have power in pioneering a way for others to take action in the world,” said a Dallas Unificationist. “I’m determined and feel grateful for Dr. Yong’s words of hope.”

Following in Our Founders' Footsteps

"This tour is about following in the footsteps of Rev. and Dr. Moon's 1965 holy ground tour," said Rev. Kazuo Takami, the Midwest regional director of Family Federation for World Peace and Unification (FFWPU). "Father Moon went across all of America establishing [holy grounds](#); and then 10 years later, in 1975, he sent missionaries throughout the world following the same pattern."

Since early August, FFWPU North America Regional President Dr. Chung Sik Yong has visited numerous communities across the country to revive the spirit of America amid the ongoing COVID-19 pandemic. Rev. Takami and other Unificationist leaders joined Dr. Yong on the recent [Midwest leg](#) of his national tour – channeling the heart and resolve of FFWPU's co-founders, the late Rev. Dr. Sun Myung Moon and Dr. Hak Ja Han Moon.

"We were so blessed to welcome Dr. Yong to the Midwest during such a beautiful and colorful season," said Rev. Takami. "He traveled to 10 states over 10 days covering more than 2,800 miles by car, so this was a long journey."

From September 29 to October 8, Dr. Yong met with local officials, clergy, interfaith leaders and community members in Kansas, Nebraska, Iowa, and Missouri, as well as Minnesota, North and South Dakota, Wisconsin, Michigan, and Kentucky.

"We want to touch every person's heart sincerely," said Dr. Yong, as he shared his vision and ministry of creating genuine connections and promoting unity and reconciliation among communities.

"This is the most moving aspect of the tour for me personally," said Rev. Takami.

Dr. Yong met with leaders like Apostle Clarence and Joyce Haddon in Michigan – parents of top Christian R&B singer Deitrick Haddon – as well as Bishop Bernie Wade in Kentucky, who invited him to his 2022 convention as the keynote speaker.

Throughout the tour, Dr. Yong has also shared the 2021 goals of FFWPU's national leadership leading up to Dr. Moon's visit to the U.S. in December. He outlined several goals which aim to connect more people with the [Marriage Blessing](#) movement, corresponding resources, as well as increase local community activities nationwide. Still, a key part of the tour has been visiting the holy grounds in each state to pray for America and the world.

"The pouring rain stopped during our prayers at the holy grounds of at least three different sites," said Rev. Takami in amazement. "There was a great atmosphere there with our presence and heart of service."

Dr. Yong commended FFWPU's Midwest tour organizers for their hard work and announced his support and participation in all pastors' summits organized by Unificationist state leaders who bring 40 couples or 70 individual participants.

"We must pray together for the spirit of America," he said. "I see this universal principle of when you give, you receive."

Restoring God's Land

Twin Peaks overlooking San Francisco, Calif., is the first Holy Ground established by Rev. Moon in America in 1965.

"Holy Ground is a representative area of a nation or city," said the late Rev. Dr. Sun Myung Moon, co-founder of the Family Federation for World Peace and Unification (FFWPU). "It is God's place, a place where He is more free to hear our prayers... God symbolically restores that land as His own property."

With Rev. Moon's guidance, the first Holy Grounds were founded in South Korea by early Unificationists from October 5 to 7, 1962. These four Holy Grounds were selected in the north, south, east, and west districts of Seoul. Rev. Moon explained that originally all land belonged to God, our Heavenly Parent, but after humanity fell away from God, God lost everything. Rev. Moon shared his desire to reclaim God's lands symbolically, first through Holy Grounds and later by restoring the homeland.

In January 1965, Rev. Moon departed South Korea for his first world tour. After spending two weeks in Japan, he left for the U.S., where he established the first Holy Ground in America on Twin Peaks overlooking San Francisco. In the next 44 days, Rev. Moon traveled by car to all 48 contiguous states, establishing 55 Holy Grounds along the way.

Rev. Moon's first visit to America lasted until July 1965 when he departed for Europe. From January through October of that year, Rev. Moon founded 120 Holy Grounds in 39 nations, including America and

throughout Europe, the Middle East, and Asia Pacific.

Rev. Moon returned to South Korea and created Holy Grounds in each regional district before establishing the main Holy Grounds in Seoul, which included one at Cheongpa Dong church. The original four Holy Grounds founded by early Unificationists in 1962 then became part of the official seven Holy Grounds in Seoul by Rev. Moon. He finished blessing all of the Holy Grounds throughout the world on January 1, 1966.

“The atmosphere at the Holy Grounds is sacred,” said Rev. Moon. “When we pray at a Holy Ground, our prayers relate to the historical foundation of comforting God’s heart through reclaiming His land. Because of this, prayers offered at the Holy Grounds have a greater effect... Our mind and attitude should be more pious and we should feel closer to God.”

Today, the Holy Grounds throughout the U.S. are frequently visited with prayers for the country and world, as Unificationist leaders and members join FFWPU North America Regional Director Dr. Chung Sik Yong on his [national tour](#) to revive the spirit of America. Since early August, Dr. Yong has met with communities across the nation while offering prayers at local Holy Grounds concerning a range of issues facing the U.S. amid the ongoing COVID-19 pandemic.

While [visiting the Southeast](#) region, Dr. Yong expressed the desire for each FFWPU state leader to multiply the Holy Grounds in counties and cities within their jurisdiction. “These Holy Grounds established by Father Moon are very important,” he said. “We must pray together for the spirit of America.”
