Last year, the South Florida Family Church purchased a new church building in Plantation, Florida. In the process of growing their church, this is the first time they were able to use their new church building for a Foundation Day celebration and the Marriage Blessing ceremony.

One Unificationist-born couple received the Marriage Blessing, and fourteen other first- and second-generation Unificationist couples rededicated their Marriage Blessings. They had a total of 56 people celebrating the Blessing Ceremony and Foundation Day together.
