

Greetings!

My name is _____. I would like to introduce myself to you and the members of this community. My wife and I have been living in this area for _____ years.

We have been inspired and blessed by a message of peace that we feel would benefit all people – and hopefully help to bring our community closer together.

The founders of our faith community (the _____ Family Church), Rev and Mrs Moon, received through prayer some wonderful insights as to how God has been working to bring peace into the lives of all people.

This message has 5 core values which we feel, despite our differences, can provide some common ground for sharing and communication. You might find that some of them resonate with you. They are:

- 1) God is the invisible parent of every person. Therefore, despite our differences, we are all actually connected by one common heart.
- 2) Every person possesses an eternal spirit. Therefore, spiritual growth and well-being need to play an important role in each of our lives.
- 3) True love moves us to want to care for others. Therefore, selfishness is one of the primary qualities that prevents us from achieving peace.
- 4) We learn how to love as we grow in our families. Therefore, healthy families are necessary for achieving a peaceful world.
- 5) The problems we face are too big for any one nation, religion, or group to solve by themselves. To achieve peace all people of faith and conscience need to work together.

If you are interested in discussing these points or any other related topic that might interest you, a small group from the community meets _____ (meeting location and time _____). We have some very stimulating discussions, and along with it some great fellowship.

You can reach me at (phone) or (email)

And if you are free on Sundays – I invite you to join us for our Sunday service. We are located at _____. The service begins at _____.

God Bless you and your family,
Sincerely
Andrew and Lydia Compton
