Final Week here in Czech Republic:

In the beginning of the week we got to go to Vienna for a couple days to help out with the "PEACE STARTS WITH ME" event and meeting STF, UPA, and MEYE. Then we spent the last days in Prague with the new STF witnessing team, passing on what we know and helping them to get to know our guests. Even with the short time we spent with them, it felt as if we've known them for a long time. We have full confidence that they will continue to thrive in Czech Republic! We are glad to be able to help them out even for a couple days on their new journey to experiencing God in their life.
