Cheon Jeong Gung Morning Meeting

Heavenly Parent created the universe to be eternal. Following the Fall, all aspects of this eternal essence were lost to us. The history of humanity has been shaped by war and conflict. The beautiful environment God created has been destroyed to the point that it can no longer be seen.

As True Parents, our motivation for moving to the United States for our work in the early 1970s was to fulfill our Creator's dream and desire. Nevertheless, this was not something that could be accomplished overnight simply by proclaiming, "We are the True Parents."

We had to create the environment - which Christianity should have established at the outset. In the situation, after World War II, when more than half of the world was taken over by communist ideas, the United States as the representative democratic nation, had to assume responsibility. God blessed America in order that humankind would find peace - because, with its Christian background, it was positioned to become a nation of global influence.

There was a chaotic situation, however. Family breakdown, youth problems, drug abuse... It was evident that the United States would become communist if it did not stand strong. Therefore, to make the United States stand strong and upright, Father, as the True Parent, shouted, "I have come with the mission of a doctor and firefighter to put out the fire!"

Back then we hosted the International Conference on the Unity of the Sciences. The conference was

attended by many Nobel laureates. Father set up a movement to reveal God the Creator through the mouths of scientists.

And while in Danbury prison, True Father instructed Dr. Kaplan to loudly proclaim "the End of Communism." Being a political scientist, Dr. Kaplan found it difficult to make such an unverifiable prediction. But when he suggested that the word "maybe" could be added, Father insisted he simply proclaim the end of Communism.

Furthermore, this took place in a hotel across the road from the Soviet Embassy in Switzerland! In the end, the Soviet Union was dissolved some five years after that, right? This was after meeting Gorbachev and Kim Il-sung!

ICUS was suspended after that for a while, but we recommenced the conferences following True Father's ascension.

Scientists must be taught that God exists as our Heavenly Parent and that the spirit world exists. The principles of creation also include maintaining balance and the concept of eternity. Didn't scientists create the atomic bomb, which destroyed the balance arising from the principles of creation?

Scientists need to understand the spirit world. They need to know about our Heavenly Parent and the Principle of Creation. This is the reason I resumed ICUS.

This is a time when people can accept a theory that enables them to experience the spirit world.

During the last conference, a Colombian professor of psychology, which is a humanistic discipline, came to feel that the absolute being and the spiritual realm exist. He sought us out by himself and gave a presentation.

A Heavenly Conference on the Unity of the Sciences! Centered on Heavenly Parent, scientists are working together for the movement to save our planet that is being destroyed. We must restore everything to its original purpose as given by the Creator.

A mission for the environment! Humanity must attend the Creator, our Heavenly Parent, and restore this planet to its original state. Christians in the United States are committed to environmental mission work. They have no reason to object. If that is the case, can our church remain silent? I hope we will become a Heavenly Korea that leads the way in the mission for the environment.

Additionally, didn't I ask you to bring revival through the Holy Spirit and the Truth? You must go to Cheon Shim Won and shout, "True Father! We have to do it now, this time. True Father, please help us!" Why do we need Cheon Shim Won prayers? There are many second- and third-generation blessed children who are experiencing spiritual difficulties. You must go to Cheon Shim Won to receive assistance from absolutely good spirits.

In the Old Testament Age, New Testament Age, and Completed Testament Age, there are only proclamations. The era of Cheon Il Guk must, however, bear fruit.

Through the Holy Spirit and the Truth everything can flow correctly! All impurities must be removed! The second generation of the True Family could not complete its responsibilities, so I have designated the third generation. True Parents are eternal. There is no second or third set of True Parents.

Aju.
