50th Anniversary of HJ Mona Yongpyong Resort

Bliss Hill Stay Wellness Hall, Yongpyong Resort

I wish to convey my profound gratitude to the distinguished guests, both local and from afar, who have come here to mark the 50th anniversary of HJ Mona Yongpyong and to congratulate and bless the company's future as it strides toward its centennial.

To resolve the complex challenges we face today, we must unite with and attend God the Creator, who is the center of the universe. The Creator is our Heavenly Parent. This is why the Tongil Group and Family Federation uphold the motto "Love God, Love Humankind, and Love your Country" in order to carry out their central mission of attending the Creator, our Heavenly Parent.

Today, it is our responsibility to restore the natural world to an environment of original pristine beauty that the Creator created for humanity at the outset. There are many religions in the world that are striving for goodness. Nevertheless, it is only the Family Federation that explains and speaks the truth about the Heavenly Parent and the ideal of creation.

Originally, the Creator created all things in heaven and earth in the divine likeness. After creating humankind, one man and one woman, God gave them a period of growth and desired that they would perfect their character. They failed to keep the commandment, however, and multiplied to become fallen people without any relationship with their Creator. This is where humanity stands today.

To fulfill Heavenly Parent's wishes, the True Parents who can assert that they are victorious among all humankind must appear. They must restore all fallen people and register them as Heavenly Parent's children. This is the only way to achieve the original ideal of creation on earth and to live in the earthly kingdom of God. Furthermore, Heavenly Parent's dream is to live with the True Parents on earth and also in the kingdom of God in the eternal world.

In the 11th year of Cheon Il Guk, we built the holy Sanctum where we can attend Heavenly Parent and realize Heavenly Parent's dream. There were many situations in which people could not understand God's providence. Yet, because Heaven was with us, we were able to usher in this miraculous day.

Heaven has prepared our people since long ago in order to give birth to the True Parents of humankind. Only if we fulfill our responsibility today as the chosen people will we be able to enjoy a lasting and healthy future.

Today's event featured several distinguished guests, who spoke very well. As the chosen people, we are the nation wherein stands the holy Sanctum where we attend Heavenly Parent directly on earth. Yet we also carry the pain of division. A heavenly unified Korea can only be achieved on the basis of people attending our Heavenly Parent.

Ignorance prevents progress; you must understand this. It is necessary for you to learn if you do not know. We must fulfill the central mission to become a nation that Heavenly Parent governs and to bring all nations together. This responsibility lies with this country's citizens and politicians.

I hope that Gangwon Province will make such efforts. It is my hope that the distinguished leaders of society in this region will stand at the forefront. I pray that you will be able to create a beautiful Gangwon Province, a beautiful Gyeonggi Province and a beautiful Korea that realize the original ideal of creation. Thank you.
